Navy Suspends School Help; AF Cuts; Army-USMC Hold Steady

OFF-DUTY college and high school studies for thousands of Armed Forces officers and enlisted men are being drastically reduced.

There's a possibility of further cut-backs as a result of budget cuts.

Approximately 134,000 officers and enlisted were enrolled in off-duty college and high school courses during 1956.

In the Navy, the tuition assistance program has been suspended entirely.

In the Air Force, assistance has been wiped out completely at least at one base, and cut back to 50 per cent support

The 1957 session of Congress, as in past years, refused to provide the funds that the Defense Department said were necessary for education of Service children overseas. The Pentagon asked \$265 for each student; Congress voted \$245. Turn to Page 18 for a report on how the Services are forced to tap money obtained from the sale of liquor to help defray the costs of overseas education.

throughout the Air Force command in Europe.

Both the Army and the Marine Corps are holding steady.

The Marines say they have "no plans to cut back." The Army says "There is no indication that the program will be curtailed or deemphasized," and adds that there is actually increased emphasis on off-duty education in the Army, "including more liberalized tuition."

Under the terms of the annual appropriations acts, the Services are permitted to pay up to 75 per cent of the cost of such courses.

Budget cuts in the Air Force have made it necessary for USAFE to reduce the maximum payment for each course to 50 per cent. There is no indication yet, however, that the move will be expanded to embrace the entire Air Force program although major commands face a squeeze in all maintenance and operations functions, and the tuition funds are included in the M&O budget. At Randolph AFB, Tex., tuition assistance has been withdrawn for the fall semester just now getting underway.

The Navy, which has had about 5700

Budget Limit May Deny Asian Flu Shots To Many Families; Vaccine Plans Told

Services Map Fight, P. 3
G-2 On Vaccine, P. 3

ALL military personnel in the Armed Services will get their Asian flu shots before the end of October, but budget complications may prevent dependents in the U. S. and retired persons from receiving free inoculations.

Although not finally decided by DoD officials, it is fairly certain that military dependents overseas will be given an opportunity to receive voluntary injections of the Asian flu vaccine without cost.

A high-level Defense Department medical group including representatives from all the Services was to meet late this week to consider all vaccine problems.

One important issue is the shortage of funds for inoculation of dependents in the U. S. Another related problem is the

inoculation of retired people.

As THE JOURNAL went to press, the Defense Department had yet to make a decision whether it would be able to finance vaccine inoculations for ZI dependents and retired personnel in view of current budget restrictions.

Col. Donald M. Alderson, USAF, (MC), Staff Assistant for Professional Services in the Office of the Assistant Secretary of Defense, Health and Medical, summed up the Defense Department's problem in these words: "We would like to give the Asian Flu vaccine worldwide, but we haven't solved the budget difficulty of giving it to dependents. Giving vaccine to dependents means cutting somewhere else." Thus, the inoculation program for dependents is essentially one of a limited budget.

Reported cases of the Asian flu among military personnel and their dependents this week had topped the 56,000 mark and were steadily increasing. The Navy reported almost 40,000 cases since May. The Air Force numbered 10,000, and the Army, 6,000 cases during the same period.

Procurement of vaccine to protect servicemen against the new strain of flu virus is being rushed by all the Services. First reports show well over 100,000 shots delivered to Defense Department agencies. Delivery of an additional 3 million or more shots is expected by the end of this month. These quantities will be sufficient for single-shot immunization of military personnel. Further vaccine sup-

BOB GIVES SECDEF WILSON NEW PAY REBUFF

THE Budget Bureau, which previously rejected a pay plan advanced by Secretary of Defense Charles E. Wilson, is giving him rough treatment again.

The Secretary this past Spring urgently requested the BoB to clear a watered-down Cordiner Plan for legislative action. Mr. Wilson was turned down.

He thereupon announced in May a plan to give proficiency pay increases worth about \$49 million a year to enlisted personnel. It was indicated the plan had Administration approval.

But the Pentagon deemed it necessary to submit its proposal to the Budget Bureau for final review. This was done weeks ago. As THE JOURNAL went to press, a Defense Department spokesman said: "There's no change in the picture. The proficiency pay paper is still at the Budget Bureau."

If the Budget Bureau people don't hurry, Mr. Wilson will leave office without being able to put into effect a program he himself announced to the Services.

Congress Faces Military Pay Decision Next Year; Will Also Seek Answers To "Hump" Problems, Uniform Rations, Disenrollment And Dual Employment

PAY will be the top item on the military legislative docket when the 85th Congress returns to Washington next January.

When Congress ended eight months' work 30 August and went home, it left behind a long list of new laws affecting the Armed Forces, but only a handful which are of major significance.

Many proposals drafted by the Defense Department before the session got underway were never sent to the Capitol. Others arrived too late for action. Some still are

pending in one or both Houses.

Hearings on the Cordiner Committee recommendations were initiated at such a late hour that only one witness—Chairman Ralph J. Cordiner—was called to testify.

Other action by the Congress, however, presaged good news for the military pay bill next year. For one thing, Congress approved pay raises for other Federal employees. It has been indicated the President would veto the civilian pay boosts, but their overwhelming endorsement by the legislature practi-

cally assures their enactment in the second session even if they have to override a second veto. Historically, raises in pay for the military services have followed on the heels of raises for other Federal workers.

Also, 1958 will be a Congressional election year, and political expediency could smooth the path for the pay measure and other personnel bills.

Although military families were disappointed by the inactivity on the pay front, there were other compensations. Congress gave its OK to two im-

portant housing programs and approved new Service exchange rules.

The legislators extended the Capehart military family housing program through 30 June 1959 and made available an additional \$250 million in Federal funds to aid the program where private capital is not available. More than 96,000 Capehart homes (THE JOURNAL 31 August) have won Defense Department clearance and the majority are expected to be under contract with-

Maj. Gen. Michaelis

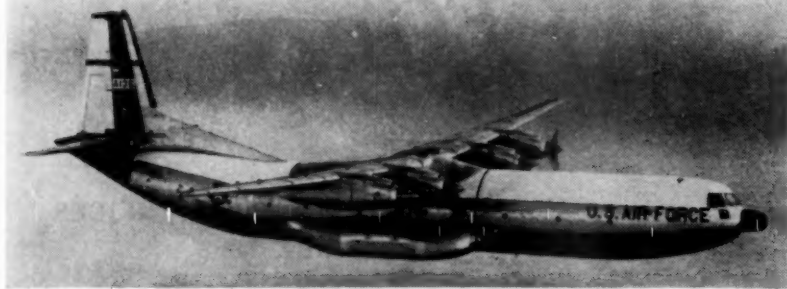

RAdm. Stephan

Maj. Gen. Kelly

The Services are represented on Capitol Hill by expert liaison teams headed by legislative chiefs Maj. Gen. John H. "Mike" Michaelis, USA, Maj. Gen. Joe W. Kelly, USAF, and RAdm. E. C. Stephan, USN. The overall legislative program of the Armed Forces is coordinated by Brig. Gen. C. J. "Johnny" Hauck, Jr., USA, Assistant to the Secretary of Defense for Legislative Affairs.

GLOBAL MOBILIZATION MOBILITY of the Services will be strengthened by the addition to MATS of the huge Douglas C-133A. Capable of nonstop flights across the Atlantic with a payload of more than 20 tons—it can carry 50 tons for 1,000 miles—the turboprop transport was delivered to MATS at Dover AFB, Dela., 28 August. A Journal reporter was on the flight from Wright-Patterson AFB, Ohio. An account of the delivery was published in last week's issue.

HOLLOMAN GETS "MISSILE" IN NAME

Effective 1 September, the Holloman Air Development Center, N. Mex., became known as the Air Force Missile Development Center.

The new title is the result of an enlargement of the Center's mission to include research and development of guided missile subsystems and components. The Center will be concerned with both long and short range missiles. AFMDC is headed by Maj. Gen. L. I. Davis, former Director of Development at Air Research and Development Command Headquarters.

AFSW-SAC Join In Radiation Study

The Department of Defense has announced a program of atmospheric sampling at high altitudes and analyzing of radioactive debris collected.

This program, conducted for military purposes, will supplement Atomic Energy Commission programs of high altitude sampling.

The Defense program, a joint effort involving the Armed Forces Special Weapons Project and the Strategic Air Command, is designed to determine the distribution, movement, retention, and total amount of radioactive particles placed in the upper atmosphere by nuclear detonations. Results will be correlated with data obtained by the Atomic Energy Commission's sampling programs.

The Armed Forces Special Weapons Project is responsible for directing the program and monitoring results, and the Strategic Air Command will conduct the actual sampling of the upper atmosphere.

Laughlin AFB at Del Rio, Tex., was chosen as the first site from which to conduct the high altitude sampling, beginning this fall and continuing for more than two years.

Results which are of significance to civilian populations and bear no military classification will be issued from time to time by the Department of Defense.

CO's Will Grant Leave For Jewish Holy Days

The Armed Forces are advising commanding officers to grant leave to members of the Jewish faith wherever possible during the coming Jewish High Holy Days to be celebrated late this month and in October.

Rosh Hashana will be celebrated commencing at sundown on 25 September and ending at sundown on 27 September. Yom Kippur will be observed from sundown on 4 October through sundown on 5 October.

Where leave cannot be granted because of the exigencies of the Service, commanders have been directed to provide for observance of the Holy Days in accordance with local conditions.

Col. Houltry Heads Army Transport Unit At Eustis

Col. Clyde A. Houltry has been named chief of the Transportation Division at Ft. Eustis, Va.

He commanded the U. S. Army Transportation Center in Frankfurt, Germany, before assignment at Eustis in June.

Colonel Houltry, his wife Martha and their twin sons, make their residence at Quarters 23, Ft. Eustis.

NEXT WEEK—

MARINE CORPS SUNSET PARADES in Washington, D. C., are widely recognized as one of the most smartly executed military ceremonies anywhere in the world. Next week's issue will tell the story of these formations.

A FOUR-STAR FEATURE, scheduled for the 14 September issue, will bring readers up to date on the officers who are filling top billets in all the Services.

THE BIGGEST NATO NAVAL MANEUVER in history takes place across the Atlantic this month. A JOURNAL representative, who will cover the huge exercise, gives a preview report.

Navy Medal To USA Col. For Korea Aid to Marines

Colonel Don W. Dixon, USA, has been awarded a Navy Presidential Unit Citation.

Stationed at Third Army Headquarters, Ft. McPherson, Ga., he accepted the award on behalf of his old command, the 159th Field Artillery Battalion. It was in recognition of Korean action during 1951, when the 159th led a diversionary attack to relieve pressure on Marines in the "Punch Bowl" of Korea.

MAJ. DAVID G. SIMONS, USAF, space biology scientist at the Air Research and Development Command's Holloman Air Development Center, N. M., was awarded the DFC for his record 32-hour balloon flight during which he reached an altitude of 102,000 feet. Presentation was made by Lt. Gen. Samuel E. Anderson, ARDC Commander, 24 August, at Baltimore, Md.

LT. GENERAL GEORGE W. READ, jr., USA, Commander of NATO land forces in Southeast Europe, was decorated by King Paul of Greece with the Grand Cross of the Royal Order of the Phoenix, prior to his departure to assume command of Second Army, Ft. Meade, Md.

NEW JERSEY GOES HOME

The decommissioning of the battleship USS New Jersey has been recorded in the pages of the Congressional Record.

Senator H. Alexander Smith (R-N.J.) told the Senate of the passing of the "gallant battleship."

He noted that the New Jersey "served the country with distinction and great effectiveness" and that she is "now temporarily at rest in her native State, standing by for whatever contingency may necessitate her reactivation."

Army Planning 50% Increase in Pilots And Aircraft; Replace All Planes by 1960

NEW AVIATION DIRECTOR, P. 4
MANAGEMENT FOR ARMY AIR, P. 26

ARMY aviation leaders are counting on a 50 per cent increase in the number of pilots and planes, and the replacement by 1960 of all Army aircraft with improved models.

Also anticipated in the near future is the organization of more aviation companies, both fixed wing and helicopter, and the organization of aviation battalions. In addition to division, corps, and transport aviation companies, a number of special aviation detachments, such as medical evacuation, will be reorganized as companies.

Maj. Gen. Howze

The timing of these advances in Army aviation will, of course, be conditioned by whatever further budgetary restrictions may be imposed administratively or by Congress.

These were highlights in a four-hour briefing on Army aviation set up by Maj. Gen. Hamilton H. Howze, USA, Director of Army Aviation, Office of the Deputy Chief of Staff for Military Operations. (See page 17 of last week's JOURNAL for a report on General Howze's opening presentation.)

GENERAL MAXWELL D. TAYLOR, Army Chief of Staff, told the briefing session that he considers aviation a "very essential part" of the Army's weapons and systems. The Army needs mobility, he stressed, and "shoe leather won't suffice"—the Army must have "road mobility, cross-country mobility, and air mobility."

The Chief of Staff said he wishes the Army could go faster in the field of aviation, but "I must think of balance in people and firepower."

Lt. Gen. James M. Gavin, Army's Chief of Research and Development, said that the Army needs innovation and mobility and the air is where it will find them. As to aircraft, he pointed out that what the Army has today is "off-the-shelf" equipment which was not designed to do what the Army wants them to do, so that the Service is looking to the future for new and radical types to advance its program.

ARMED HELICOPTERS came in for considerable discussion. Col. Halliett D. Edson, Deputy Director of Army Aviation, said the Service is developing and testing types of organization and doctrine for the employment of units variously known as SkyCav and Aero Reconnaissance. One of these, he said, is the "Fire support element—utility helicopters with integrally mounted machine guns and rocket launchers to constitute a very mobile fire support unit to assist purely reconnaissance elements in the execution of their missions."

General Howze then pointed out that the Army's concept of the employment of armed helicopters would not in any sense make them competitive with fighter-bombers. Army helicopters, he said, would fire from over its own friendly terrain and not go over the enemy's territory to attack, as does the fighter-bomber.

In arming helicopters, General Howze said, the Army is seeking an answer to the question "Can we elevate the machine gun? Can we get them over the treetops and then duck down behind the terrain features for protection?"

General Howze showed an organization chart for an "Aero-Recon Company," which he pointed out was only for study and had not been approved. It included two platoons of 10 H-13 helicopters, a rifle platoon of two officers and 52 enlisted men, and two platoons of six H-40 weapons helicopters each. He illustrated the proposed use of armed helicopters in various tactical situations as elevated and

mobile firing platforms to assist ground troops in river crossings and similar problems.

The General revealed that the Army is starting a series of tests to determine the vulnerability of helicopters. It does not appear that the helicopter is as easy to hit as may be assumed, he said. Range estimation is very difficult and there is no way to adjust fire after a trial shot for the 'copter merely drops behind trees or hills. "We are enthusiastic about its flexibility," he said.

Colonel Edson revealed that the Army has under consideration the utilization of drone helicopters for the delivery of supplies. A drone would be loaded at a supply base, sent aloft by a ground controller and electronically placed on a course to the combat troops at which point another ground controller would take it over and land it. It would be returned by another course, being sent to a third point and then off on the third side of a triangle back to the supply base.

"THE DRONE CARGO AIRCRAFT," said Colonel Edson, "has obvious advantages in reducing the cost of manufacture by the elimination of normal safety features and pilot controls and also in eliminating the very costly and critical pilot training."

Colonel Edson also gave the following points pertaining to the Army's aviation program:

"First, the aircraft in the Infantry, Armored, and Airborne division, under our new pentomic concept, have increased roughly from 25 to 50 aircraft and now include light cargo helicopters."

"Second, vertical takeoff and landing types of aircraft which have expanded very rapidly in the past and will continue to expand but at a somewhat lower rate."

"Third, short takeoff and landing types which have been relatively stable in number probably will receive additional emphasis in the future."

"Fourth, transport aircraft will promise more future growth than other functional types."

He also pointed out that two exceptions already have been granted to the weight limitations imposed by the Department of Defense on Army aircraft—the high performance Mohawk plane being built for the Army and Marine Corps by Grumman, and the three-ton cargo airplane, Caribou, being built by de Havilland of Canada for U. S. Army evaluation.

Col. W. G. Van Allen, of the Army Aviation Directorate said that the Army now has 4,167 officer pilots, 883 warrant officer pilots, and 3,800 enlisted men in aviation mechanics and maintenance. These numbers, he said, will increase approximately 50 per cent under present plans.

IN AIRCRAFT, he said, the Army has a total of about 4,500, including: fixed wing, 1,860 observation type, 502 utility type, and 89 transport, for a total of 2,587, and rotary wing, 1,200 reconnaissance, 210 utility, 532 cargo, and 9 medical cargo, for a total of 1,951. "It is expected," he said, "that this number will rise about 50 per cent to meet our requirements."

"As we near our goal," Colonel Van Allen said, "we shall gradually cut back training to that required for making up our overall attrition losses. This situation will probably apply to our primary training by 1960 by attrition."

Flight training in Army ROTC units already has been started, he said, and will be greatly expanded this year to include 48 schools. It is currently planned to have about 700 students undergo preliminary flight instruction leading to a CAA license. These students will be committed to entering the Army aviation program and being called to active duty.

"In general our training is designed," he said, "to provide a gradual build-up in the number of pilots so as to achieve our goal in the next five years."

Colonel Van Allen described aviation companies and aviation battalions.

"In addition to these pure aviation

—Continued on page 27

AERIAL JEEPS are what the Army is looking for to meet its needs. This artist's conception shows how such vehicles would fly close to the ground, using terrain features to protect them from enemy fire.

Navy Flu Report

The Navy estimates that it will need about 1,900,000 cubic centimeters or doses of the polyvalent and monovalent vaccines.

At a 27-28 August meeting of health officials sponsored by the Public Health Service, the Navy said it plans to use the vaccine as follows:

1. Military personnel on active duty of the Navy and Marine Corps will be immunized with polyvalent vaccine as it becomes available. Initial distribution will be to ships and shore facilities in the Atlantic, Mediterranean, and Caribbean areas and to key aviation and submarine groups in operational status. Personnel on the West Coast and in the Pacific will also be given this polyvalent vaccine to boost protection against older strains of influenza A and B which may still cause localized outbreaks as in past winters.

2. Military personnel on active duty, excepting those who have already had Asian influenza during outbreaks between 15 April 1957 and the time vaccine becomes available, will be given a booster dose of monovalent Asian strain influenza vaccine, with a minimum of 4 weeks between first and second doses.

3. Details of policies regarding dependents and civilian personnel have not as yet been worked out. Military supplies of vaccine will not be available for immunization of civilian employees in the United States.

Here's The Story Of The Flu's G-2

An item in the New York Times and an alert Chief of the Department of Respiratory Diseases at Walter Reed Institute of Research in Washington, D. C., combined to give the Armed Services a running start in warding off serious effects of Asian flu.

Almost one month before any reported cases of the new-type influenza among military personnel, Dr. Maurice R. Hilleman read a New York Times story of an influenza epidemic in Hong Kong. That was in April of this year.

By May, when the first Armed Forces reports of the epidemic were beginning to come in, Dr. Hilleman's team of researchers already had identified the virus as one radically different from known influenza strains. Manufacturers were immediately made aware of the significance of the find, and promptly began development of a new vaccine.

The result—a commercial, mass-produced vaccine was delivered to the Armed Services and the civilian population less than three months after the first American serviceman was stricken, in time to provide mass inoculations for the population at large.

If this winter's flu epidemic is milder than forecast, no little thanks will be due to Walter Reed's research staff.

Budget Affects Vaccine Policies

From page 1—

plies will be needed to administer the recommended second, or booster dose to each individual.

All military medical officers consulted by THE JOURNAL stress that the new-type flu is relatively mild and not worthy of undue anxiety or concern. Maj. Gen. Dan C. Ogle, Air Force Surgeon General, cited no fatalities and relatively few complications in the estimated 10,000 Air Force cases worldwide. Complications, he said, are now easily handled with the aid of modern anti-biotics.

The snowballing Asian flu epidemic first hit U. S. servicemen in the Pacific area in May, but soon spread to the Atlantic area and to Europe. Although many outbreaks have been very mild, the malady has achieved an attack rate of nearly 30% of the personnel on certain Navy ships.

Some advance estimates hold that as many as 34 million Americans will be stricken with the Asian Flu during the coming winter.

Army Flu Report

Mandatory inoculations against Asian flu have been ordered for all Army military personnel.

Initial distribution of vaccine is now being made and by the end of October most Army members will have received the first of two scheduled inoculations. The second inoculation needed by the Army to increase immunization among personnel concentrations is expected to be completed by 31 December.

The initial distribution was made last week when limited quantities of vaccine were shipped to Army commands in Europe. In comparison with the Far East, European areas have been relatively unaffected by the spread of the disease and received the first shipments to ward off its encroachment. Supplies for the Far East and other overseas areas, for continental U. S., and additional supplies for Europe will be included in the general distribution which will begin shortly.

Contract stipulations with manufacturers call for volume deliveries of the vaccine between 15 Sept. and 30 Sept. This will permit the first general inoculations in the Army to get under way 1 Oct. Contract for vaccine for the second inoculation call for delivery between 15 Nov. and 30 Nov.

The delivery contracts were drawn specifically to avoid interference with production earmarked for civilian consumption through commercial distribution.

No priorities have been established in the Army-wide distribution of the vaccine. The timing of the inoculations will depend on local delivery after distribution through medical depots. Local commanders will determine and administer their inoculations schedule.

The vaccine will be made available also to Army dependents on a voluntary basis and civilian employees at overseas stations, including Panama, Puerto Rico, Alaska and Hawaii. The policy on civilian employees within the United States and retired personnel has yet to be determined.

Newport WAVE School Graduates 23 Ensigns

A new group of WAVE ensigns this week was ready to begin the second half of training which leads to billet assignments in the Shore Establishment following their graduation from the U. S. Naval School, Officer, Women.

The WAVES received their commissions 23 August from Capt. Otto W. Spahr, Jr., Commanding Officer, U. S. Naval Schools Command, Newport, R. I.

The new ensigns are:

Arviso, Shirley M	Bailey, Carol W
Beal, Carolyn A	Bradley, Muriel A
Canevari, Nancy A	Clark, Patricia A
Davis, Patsy A	Elpern, Shirley B
English, Carol T	Ferrera, Elinor
Fulton, Sandra J	Garcia-Martinez, L
Green, Jeanette E	Kirk, Mary E
McDermott, Mary M	McFadden, Eleanor M
Moore, Ida R	Mombrun, Iola M
McGowan, Letitia M	Reardon, Helen J
Teeple, Jo Ann	Two, Doreen J
Wadsworth, Evelyn C	

AF Flu Report

A program for world-wide inoculation of Air Force members and their families against Asian flu was announced this week by Maj. Gen. Dan C. Ogle, Surgeon General of the Air Force, after months of study, preparation and advance ordering of vaccine by the medical staff.

The Air Force has contracted for the purchase of 1,150,000 CC's (each CC represents a single shot) of Asian flu vaccine. The first shipment, 27,000 CC's, has already been received, with 18,000 sent to USAF and 9,000 to Pepperell Air Base, Newfoundland. Target date for the receipt of the remainder of the shipments, as well as the start of over-all inoculation program, is 15-30 September.

GENERAL OGLE said the AF program calls for the mandatory inoculation of AF military personnel world-wide as first priority. (Next will be dependents and civilian employees overseas, on a voluntary basis.)

In outlining the AF program for this important preventive measure, General Ogle said there is no reason to believe at this time that Asian influenza will not continue to be a mild disease. The Surgeon General said the Air Force has had experience with the Asian type flu at Clark AFB in the Philippine Islands in May and more recently at Thule AFB in Greenland. He said that not more than 5 per cent of either base was under treatment at any one time. General Ogle said the experience of AF physicians indicates that the flu is not expected to be any more serious under tropical compared to other climatic conditions, or in late fall as compared to summer months.

Consistent with its long-established policy in preventive medicine the AF was one of the first to order the vaccine when the new flu strain first became evident. The Asian flu shot also is being included in the regular flu shot which is given to AF members each year. The regular shot will be given later in the year after the new vaccine program has been completed.

Air Force medical officials pointed out that the AF maintains a continuing world-wide watch on the health of its people, particularly on the chance of an outbreak of any new disease. This is done through biometrics reports which are received from every base and installation of the AF and reviewed daily by experts on the staff of the Surgeon General.

WHEN FIRST word was received from Clark AFB on the outbreak of the Asian flu there, the Surgeon General and his staff checked with commercial supply sources to see if a new strain of vaccine could be produced. Extensive testing followed by the U. S. Public Health Service and it was determined that the new vaccine does provide a certain degree of immunity. Then the AF decided it was advisable and worth the expense to order the vaccine in quantity for the world-wide inoculation program.

Capt. Icenhower Is Author

"Man Against The Unknown," the story of exploration from the voyages of Columbus through space to the International Geophysical Year Earth Satellite Project, will be published 15 Oct., by the John C. Winston Co., Philadelphia, Pa.

Author of the work is Capt. Joseph B. Icenhower, USN, commander of the only submarine to cross the Antarctic Circle during the Navy's 1946-7 expedition.

Tuition Problem

From page 1—

officers and men participating in the tuition assistance program at an annual cost of about \$150,000, suspended all tuition assistance effective 9 August. The possibility of reinstating the program during the current fiscal year is now under study.

During recent years, the Services have encouraged officers and enlisted men to take off-duty education, promising to help them with tuition costs.

Many persons in Service will view sudden reductions in financial support as being in the nature of a broken promise.

Morale is certain to be impaired also by the fact that there is no uniform policy among the Services and, in some cases, not even within a single Service.

Surgeons General Lead Flu Fight

The fight against Asian flu among military personnel and their families is being directed by the Surgeons General of the Army, Navy and Air Force under overall coordination by Assistant Secretary of Defense Dr. Frank B. Berry.

MAJ. GEN. DAN C. OGLE, Air Force Surgeon General, entered the Service after his graduation from the University of Illinois Medical School in 1929.

Since that time he has acted as 15th Air Force Staff Surgeon in Italy, Chief of Plans and Services Division in the Office of Air Surgeon, and Command Surgeon at the Air University, Maxwell Field, Ala. He became Air Force Deputy Surgeon General in 1949.

In July 1954, General Ogle was appointed the head of the worldwide Air Force Medical organization.

Maj. Gen. Ogle

MAJ. GEN. SILAS B. HAYS, Army Surgeon General, has served for the past 29 years with Army activities throughout the world.

He was commissioned in the Medical Corps Reserve after graduation from the University of Iowa Medical School in 1928. He was Chief of the Supply Division in the Office of the Chief Surgeon of the European Theatre during WWII, later was Surgeon General of the U. S. Army in the Pacific, Surgeon of the Japan Logistical Command, and in 1951 became Deputy Surgeon General.

He was named to the top Army Medical spot in March 1955.

RADM. BARTHOLOMEW W. HOGAN, Navy Surgeon General, and Chief of the Bureau of Medicine and Surgery, came to the top Navy Medical post in February 1955 with a rich background in both the military and medical fields.

A graduate of Boston College and Tufts Medical School, he is the author of numerous major medical studies and also received honorary degrees from five of the nation's leading universities. For his work as Senior Medical Officer on the Aircraft Carrier Wasp when it was sunk in 1942, Admiral Hogan was awarded the Silver Star and Purple Heart.

Prior to being appointed to his present position, he was Assistant Chief of the Bureau of Medicine and Surgery.

Enlisted Discharges

Army commanders are surveying records of thousands of soldiers who lack "job performance potential" and who will be separated from active duty, in accordance with newly issued Circular 635-2.

THE JOURNAL last week mentioned that the Armed Forces Qualification Tests would apply in this week. This was in error: what governs is a soldier's score in the aptitude areas of the Army Classification Battery.

RADM. Hogan

U. S. Army

The Army said this week that combat soldiers of the future "can look forward to a vastly improved Individual Load Carrying System (shown above) replacing the present cumbersome system of straps and buckles." First of all, however, present supplies will have to be depleted.

Developed by the Quartermaster Corps, the new equipment consists of two basic components—a specially designed belt and shoulder-padded suspenders. It is lighter than the present equipment and better distributes the load on the soldier's back; makes adjustment, attachment, and detachment of components easier; and adds flexibility in the methods of carrying.

Special fasteners of a bolt-type action increase speed and ease of attaching and detaching components from the belt. The suspenders are designed to support the weight of the belt, other components of the individual load carrying system, and a sleeping bag. Of H-type, they pass over the shoulders and drop straight down without crossing in back. The sleeping bag carrier straps are secured to the front of the suspenders by snap fasteners so that the bag can be released and dropped instantly, not possible with the present equipment.

Army Studies Date For Major Board

The Army was expected to make a decision momentarily on whether to convene a selection board in October to name temporary majors or announce another postponement.

At the beginning of September, there were 1232 captains on the selected list to major from previous board action, among them about 360 "outstanding" out-of-line selectees.

The new zone, as previously announced, has a basic cutoff of 31 May 1951.

This would indicate that about 2600 captains will be eligible for consideration in the basic group.

The Army was forced, as reported in last week's issue of THE JOURNAL, to split the USMA '45 class into three increments for promotion to major; the first two groups were promoted in August, the third is scheduled for advancement in September.

New Army Aviation Chief At Ft. Rucker

Brig. Gen. Ernest F. Easterbrook, who is expected to be the new Director of Army Aviation, this week began training at the Ft. Rucker, Ala., Aviation School.

He is slated to succeed Maj. Gen. Hamilton Howze.

General Easterbrook had been G-3 for Allied Land Forces Central Europe since June 1955.

A 1931 USMA graduate, General Easterbrook, 49, commanded the 7th Infantry Division in the Far East from May to October 1953, later was with the Korean Military Advisory Group before duty as Director, Instructional Department at the Command and General Staff College, Ft. Leavenworth, Kans.

Brig. Gen. Easterbrook

2 Cols. To Missions; Other Eagles Shift

COLS. MAURICE C. HOLDEN and **OTTO B. CLOUDT, JR.**, are the new chiefs of Army Missions to Costa Rica and Venezuela, respectively. Formerly an Assistant Executive to the Secretary of the Army, Colonel Holden succeeds Col. Paul S. Shoemaker. Colonel Cloudt, transferred from Sixth Army Headquarters, replaces Col. G. E. Baya.

COL. FRANK J. CAULFIELD has assumed command of the 10th Infantry Division's 2d Battle Group, 7th Infantry, at Schweinfurt, Germany, relieving **COL. CLIFFORD J. VAN SICKLE**, who recently became Division CofS. Colonel Caulfield was previously assigned as Deputy G-2, USAREUR. Mrs. Caulfield and the couple's three children reside with the colonel in Schweinfurt.

COL. WILLIAM E. JENNINGS is the new First Army Signal Officer at Governors Island, N. Y., succeeding Col. C. B. Brown who has retired.

COL. WILLIAM P. WELIHAN has been named PMST at the University of Santa Clara, Calif. He was Chief of the Plans and Operations Division G-3, at First Army Headquarters.

COL. WALTER J. PRESTON, JR., a recent graduate of the Army War College, Carlisle Barracks, Pa., is the new G-1, at Army Caribbean Headquarters, Ft. Amador, C. Z.

COL. JOHN R. WRIGHT, JR., has taken over as G-2, at Army Caribbean Headquarters. He was formerly assigned to the Office of the Assistant Chief of Staff, Intelligence, in the Department of the Army.

COL. JOHN D. COLE, 10th Infantry Division CofS at Wuerzburg, Germany, is reassigned as CO of the 37th Engineer Combat Group at Hanau, Germany.

COL. GEORGE C. BENJAMIN, former Director of Dept. III (Division and Corps in the Attack) of the Command and General Staff College, Ft. Leavenworth, Kans., has been named commanding officer of the 1st Training Regiment, Armor, at Ft. Knox, Ky.

He succeeds Col. Ira B. Richards, Jr., who left for assignment in the Command and Staff Department of the Armor School at Knox.

CAVALRY HISTORY PRESERVED AT RILEY

Army garb of former Cavalry days will be perpetuated at Ft. Riley, Kans., by several pre-WWI uniforms donated to the museum there.

Formerly worn by the late Maj. William W. Erwin, USMA '08, the uniforms were given to the museum by the major's sister, Mrs. O. L. Thisler of Chapman, Kans.

An All-American guard on the West Point football team, Major Erwin later became nationally known for his exploits on the polo field. After serving in WWI and at Riley, the major retired in 1929 from the 9th Cavalry which was stationed at Riley for many years. He died in 1953.

Included in the donation of uniforms are a formal uniform with tails, an overcoat, and a duty uniform with coat and trousers.

Ord Capeharts Are First On West Coast

The first Capehart housing project on the West Coast has been completed and was opened in formal ceremonies at Ft. Ord, Calif., on 6 Sept.

Named Stilwell Park for the late General Joseph W. Stilwell, the project contains 189 units for 71 officers and 118 non-commissioned officers' families. There are 135 three-bedroom and 54 two-bedroom units.

Power for the world's mightiest weapons: ATLAS • THOR • JUPITER • REDSTONE

These are the names of the great new missiles of America—defense systems of unprecedented speed and striking power. To feed their monstrous thirst for power, a new kind of engine had to be created—an engine with enough propulsive thrust to drive tons of projectile in a colossal arc upward from the earth's surface to the bounds of atmosphere, and on through space itself at thousands of

miles per hour.

The answer was the large, liquid propellant rocket engine. Only a few years ago ROCKETDYNE, directed by the Air Force, set out on a program to design and build these high-thrust propulsion systems—a job that meant starting from scratch, and writing the book as they went along.

Today, ROCKETDYNE can report that the power for these revolutionary

new weapons is ready. Engines for the Armed Services' high priority missile programs are being built in quantity at two ROCKETDYNE plants—Canoga Park, Calif., and Neosho, Mo.

The possession of such weapons is of crucial importance to America. Free men everywhere are entitled to know that the power for our major missiles is being delivered—on schedule.

MAJ. GEN. CLAYTON C. JEROME, USMC (left), Commanding General of Pacific Fleet Marine Force Aircraft, is pictured with Under Secretary of the Navy William B. Franke as the latter inspected the El Toro, Calif., Marine Corps Air Station and Santa Ana Air Facility. Mr. Franke was accompanied by RADM. J. D. H. Hall, 11th Naval District Naval Bases Commander, and Lt. Col. N. C. Gregory, USMC.

USMC Advisory Group Wins Korean Citation

The Marine Corps Advisory Component, U. S. Naval Advisory Group, Korea, has been awarded the Korean Presidential Unit Citation for services performed from February 1953 through July 1954.

The citation, signed by Syngman Ree, President of the Republic of Korea, praises aid in the development of the Korean Marine Corps.

Facsimiles of the citation are available to officers and men who served with the group through their commanding officers. Former members of the Corps may apply directly to the Commandant of the Marine Corps (Code DL), Headquarters Marine Corps, Washington 25, D. C.

SACLANT's New P. R. Chief

LCdr. David D. Lewis, USN, has reported to the NATO Supreme Allied Commander Atlantic in Norfolk, Va., as Director of Public Relations.

Former Public Information Officer for Destroyer Force Atlantic Fleet at Newport, R. I., Commander Lewis resides with his family at 106-84th Street, Virginia Beach, Va.

Capt. Fowler Heads Sqdn.

Capt. Gordon Fowler, USN, has assumed command of MATS Air Transport Squadron Three at McGuire AFB, N. J., succeeding Capt. I. L. Dew, USN. Reporting from his former post as Intelligence Officer with the Joint Chiefs of Staff, Captain Fowler, with his wife and three children, makes his home in Alexandria, Va.

Lt. Gen. Twining Heads B/G Selection Board

A selection board to choose among 38 colonels for advancement to one-star rank convened at Marine Corps Headquarters 3 September, with Lt. Gen. Merrill B. Twining, Commandant, Marine Corps Schools, Quantico, Va., as President.

Lt. Gen. Twining

The promotion zone extends from Col. William M. Hudson, Lineal No. 97, through Col. Wallace M. Nelson, Lineal No. 136, in the Combined List of 1 Jan. 1957. Sixteen are Naval Aviators. There are no active duty Reservists or Supply Duty Officers in the zone.

Last year's board selected five of 35 officers from within the zone, as well as three from above the zone and two from below the zone. The 10 named for one-star rank by the Fiscal Year 1957 board, constituted the smallest number to be named in three years. Both the Fiscal Year 1956 and 1955 boards selected 13 colonels for increased rank.

The top 26 officers in this year's promotion zone have been serving as colonels since 1949, while the 14 in the lower portion of the zone have been wearing eagles since 1950. The majority were first commissioned in 1934-35.

Other board members are:

Lt. Gen. Verne J. McCaul; Major Generals Robert E. Hogaboom, Joseph C. Burger, Thomas A. Wornham, David M. Shoup, Marion L. Dawson, Alan Shapley and Thomas G. Ennis; and Brigadier Generals Roy M. Gulick and William P. Battell. Lt. Col. William R. Bennett is Recorder.

THE BIG STICK

Since 1946, Martin engineering has placed special emphasis on the science of rocket and missile development.

It is because of this that Martin is now building a most potent and important weapon system—the ICBM Titan—an ocean-spanning missile to back up the traditional American policy of peace with honor:

"Speak softly and carry a big stick!"

From this intercontinental peace protector to the world's first satellite launching vehicle now nearing completion, Martin engineering is pioneering the new age of missiles and rockets.

If you are on the watch for tomorrow, watch Martin today.

MARTIN
BALTIMORE DENVER ORLANDO

U. S. Air Force**Charleston AFB Wins
Best Food Trophy**

Charleston AFB, S. C., will receive the 1957 Air Force Hennessy Trophy for having the best food service program in the Air Force.

Named for the late John L. Hennessy, former official of the Statler and Hilton Hotels and Armed Forces food service consultant, the trophy will be presented at the International Stewards and Caterers Convention in Ft. Worth, Tex., in October. The award was originated by Maj. Walter Pienkowski of the Air Force Services Division, Air Materiel Command Headquarters.

The two runners-up for the award were Kelly AFB, Tex., and Edwards AFB, Calif.

Join 17th Air Force

Seventeenth Air Force at Wheeler AB, Tripoli, Libya, has received more than a dozen new staff officers, eight of them replacements for rotated deputy chiefs of staff.

The heavy turnover resulted from the move of the Seventeenth from Morocco to Libya one year ago, at which time many officers with dependents were required to extend their tours to assure one year at the new location.

Among the newcomers are: Col. Richard Jones, DCS/Operations; Henry B. Wilson, Inspector General; Russell L. Blaisdell, Staff Chaplain; William W. Converse, DCS/Comptroller; and Henry J. Stehling, DCS/Installations; and Lt. Col. Daniel E. Henderson, jr., Staff Judge Advocate; William J. McGinty, Information Services Officer; and William S. Hale, Staff Adjutant.

BRIG. GEN. NILS O. OHMAN, USAF, 19th Air Division commander, accepts a March of Dimes award for Carswell AFB's outstanding service in the 1957 campaign from A. V. Lewis, treasurer of the Tarrant County Polio Chapter. The award was the first of its kind given in the local area.

Gen. Puryear Is CofS

Maj. Gen. R. W. Puryear has taken over as Chief of Staff for Headquarters Air Defense Command. He comes to Colorado Springs, Colo., from McChord AFB, Wash., where he served as commander of the 25th Air Division.

Col. Knowles To Saudi

Col. Samuel B. Knowles, jr., Deputy Commander of Amarillo AFB, Tex., left 4 Sept for Saudi Arabia and duty with Headquarters, 2d Air Division, at Dhahran.

**USAFA Chapel Funds Again In Jeopardy
But Air Force Says Plans Remain Firm**

Funds for the U. S. Air Force Academy's controversial chapel again are in jeopardy.

Just prior to the Congressional adjournment, Senator John Stennis (D.-Miss.) introduced legislation (S 2909) wiping out a \$3 million appropriation for the chapel.

The Senate Armed Services Committee member said he was "shocked" when he saw a model of the planned chapel. His proposal is designed to hold up funds for the building "until a new design predicated on good taste can again be presented to Congress."

Other members of the Senate also criticized the design of the building.

Senator Ralph Flanders (R.-Vt.) said, "The proposed structure is a deliberate insult to God Almighty." He has written Secretary of the Air Force James H. Douglas to "please stop" construction.

"A chapel building for the Air Force should inspire reverence and the spirit of worship," Senator Flanders said. "There isn't a scintilla of reverence or worship in this building."

Senator Gordon Allott (R.-Colo.) agreed. He said the design is "offensive to the inherent religious beliefs of the American people."

Senator A. Willis Robertson (D.-Va.) said, "Never in this country or abroad in any civilized land has anybody ever attempted to worship any known God in a building of such a character." He said the design is worse than an "array of wigwams."

Similar opposition arose in the House and efforts were made to kill the funds but the move was defeated.

The President has signed the appropriation measure which provides \$3 million for construction of the chapel. The Air Force said it is going ahead with plans for construction unless challenged again on the design when Congress reconvenes in January.

NEW ALASKAN CHIEF

Brig. Gen. Kenneth H. Gibson, commander of the 11th Air Division (Defense) at Ladd AFB, Alaska, became the head of the Alaskan Air Command 1 September, succeeding Maj. Gen. James H. Davies, who has retired.

Replacing General Gibson as 11th Air Commander will be Brig. Gen. Conrad F. Necrason, present Alaskan Air Command ACofS for operations.

**Graduate Mather
And Head For SAC**

Class 57-N-RB of the Advanced Navigator, Reconnaissance Bombardment Course at Mather AFB, Calif., graduated recently. Students received fundamental training in bombing-navigation systems and reconnaissance operations.

The majority of the graduates will be assigned to the Strategic Air Command. Several graduates have been retained as instructors, however.

Following are the graduates of Class 57-N-RB:

Lt. Col. George M. Markovich; Maj. Raymond E. Horne, jr.; Captains James Borovilos, John B. Cronin, William J. Rementer, David A. Romanick; Fred Antree, George W. Biggs, Jack E. Goodwin, Robert K. Jones, Allan F. Burt, William J. Clark, Thomas R. Moore, Howard Slover.

First Lieutenants James R. Nelson, Paul J. Sullivan, James V. Grace, James B. Jones, jr., Marvin A. Mollnow, Norman M. Paul, jr.

Second Lieutenants Jacob Bruckler, jr., Victor P. Chance, Anthon E. Cooley, Donald F. Evans, Ronald A. Fishter, Arnold A. Jensen, Samuel H. Laitman, David E. Leeman, Donald G. McCabe, Thomas E. Morith, Roland Saenz, John F. White, Lawrence W. Crowley, Frank M. D'Itri, Ronald V. Grabler, Lloyd Lee Kirk, Gerald E. Koch, Daniel A. Morarity, William L. Stevens, Walter J. Worthge, Robert J. Baertsch, Ronald S. Carlson, Richard A. Hoyle, Joseph M. Leisner, jr., Norman S. Lynch, John D. Rozendaal, Daniel J. Stapleton, Frederick Sturmer, Carl P. Tinebra, Frank F. Uster, Alan Dale West, Louis H. Wiersma, Holland G. Willis, and Neil K. Wollpert.

BRIG. GEN. JOHN R. SUTHERLAND, USAF, Chief of Staff, Headquarters Fifteenth Air Force, is awarded the second Oak Leaf Cluster to the Legion of Merit in a recent ceremony in the numbered Air Force headquarters at March AFB, Calif. Making the presentation is Maj. Gen. Archie J. Old, jr., Commander, 15th Air Force.

MAJOR GENERAL

Harbold, Norris B. (presently at 1100th USAFH, Hq Comd, USAF, Bolling AFB, DC) is rel fr 3201st USAFH (Pnt), APGC, Eglin AFB, Fla, & ret in gr of Maj Gen, eff 26 Aug 57.

BRIGADIER GENERAL

Sullivan, Henry R, fr Hq 21st ADiv, SAC.

Col. Pritchard Leads Maxwell Staff School

The 17th class of the Command and Staff School, Air Command and Staff College, began 3 Sept. at Maxwell AFB, Ala., as members begin nine and one-half months of professional education.

Lt. Gen. Dean C. Strother, Commander, Air University, and Maj. Gen. Lloyd P. Hopwood, Commandant, ACSC, spoke at opening ceremonies.

The new class consists of 746 USAF and Air National Guard officers; 5 Navy, 15 Army, 15 Marine Corps, 12 short tour Air Force reserve officers and 57 officers from 26 allied nations.

Col. Gilbert L. Pritchard is new CSS commandant.

Divided into two phases, the course first discusses air power fundamentals of basic doctrine and air command and staff principles. The second phase is concerned with the present and future air power employment doctrine and practices. The second phase is classified and is not attended by the allied officers and short tour USAF reservists.

In addition to its new commandant, CSS has 33 new faculty members, 2 new wing chiefs, a new school secretary, a new chief of Academic Plans, and a new educational adviser. Assisting Colonel Pritchard are the following key staff members: Col. William P. Savoie, deputy commandant; Col. Francis T. Brady, chief, Wing I; Col. Edwin Bland, chief, Wing II; Col. Frederick Bronson, chief, Wing III; Col. Paul S. Deems, chief, Wing IV; Lt. Col. William Tesla, school secretary; Lt. Col. Wendell Bevan, chief, Academic Plans; and Dr. Thomas F. Staton, educational adviser.

ALLISON POWERS

Navy's giant aerial tanker

—THE CONVAIR
 R3Y TRADEWIND

With its Allison T40 Prop-Jet engines and contrarotating Aeroproducts turbo-propellers, the R3Y represents a new concept in powered flight. Twin power sections in each engine provide a total of nearly 24,000 horsepower. One power section in each engine can be shut down for maximum fuel economy at cruising speed.

The result: the new Air Navy has the world's largest water-based aircraft. It is capable of refueling eight jets in flight—four at a time in less than 5 minutes—or landing 103 combat troops on any beach in the world. Another example of how Allison provides the exact power for any airframe requirement.

Jet-age experience is a matter of record at Allison—America's pioneer producer of aircraft turbine engines.

NATO and USSR Fleet Exercises. Ships of the U. S. Atlantic Fleet left Norfolk this week on their way to the rendezvous for the most powerful fleet exercises in history, just as word was broadcast from Moscow that the Russian fleet will also hold a massive naval exercise only a few hundred miles from the NATO maneuver area.

Moscow warned shipping to stay clear of the Barents and Kara Sea areas from 10 September to 15 October. Russian ships, they said, will be using "different types of modern weapons" and will not be responsible for damages incurred in the danger zone.

Some 150 ships of the U. S. Navy and five other NATO nations will engage in Exercise "Strike Back" in the period 19 to 29 September. Admiral Jerauld Wright, USN, NATO's Supreme Allied Commander Atlantic, says the NATO forces will range over the North Atlantic to waters adjacent to the British Isles, the Iceland-Faeroes Gap, the Norwegian Sea and portions of the North Sea.

Naval observers, at first reports, commented that the Russian maneuver area would be a long way from the NATO exercises. However, when it is considered that in "Strike Back" land-based aircraft from the Northern European Command and the United Kingdom will be used to oppose air strikes from the carriers, the possibility of overlapping can not be discounted. (Full reports on the NATO maneuvers will appear in THE JOURNAL, a member of whose staff will be on the USS Saratoga.)

The scale of the Russian maneuvers adds emphasis to the recent revelation by Admiral Arleigh A. Burke that the Red Fleet is now the second largest in the world and growing rapidly. Current events are showing that Naval Power is being rated high in the Kremlin.

A Show Window for Aircraft. The Society of British Aircraft Constructors opened its eighteenth air show this week at Farnborough. The show, billed as the world's greatest, will be attended by more than 6,500 representatives of airlines, air forces, and manufacturers from 120 countries around the world. It gives British manufacturers of aircraft engines, components, and accessories a wonderful show window for the display of their products.

Unfortunately, the United States, despite the size and progressiveness of its industry, has no such show window for its products. In past years the National Aircraft Show was held annually at such cities as Cleveland, Detroit, Dayton, and in 1956, at Oklahoma City. It, too, attracted prospective buyers from many nations. That event, however, has been dropped, principally because the Department of Defense will no longer permit large scale participation of military aircraft and it was that upon which the managers of the Show depended to get out the crowds.

The United States should have a suitable air show, not alone as an international display case for our industries, although that is important, but also so that the American people can see the progress being made. It is important, and it is helpful, that the citizens should see at first hand the new type airplanes which will be coming into service in the air lines and the newly released military equipment they read about so much in the newspapers.

Children's Schooling. During his current visit to Europe, Representative Daniel J. Flood (D-Pa.) will, as reported in last week's JOURNAL, make a special study of the standards and needs

Navy Journal, August 29, 1863.

SATURDAY, 7 SEPTEMBER 1957

of the elementary and high schools being operated for children of Service families. He said he will make a report to Congress on this subject when he returns from his inspection trip.

This will be a welcome development for Service families, many of whom, letters to THE JOURNAL have shown, have doubts as to the quality of the education their children are getting there. As in so many Service activities, the deficiencies have their roots in the lack of sufficient appro-

priations. The current appropriation (see story on page 18) falls short of meeting even the minimum needs of the school system, so that it is necessary to make use of non-appropriated funds, including the profits from liquor stores, to bridge the gap.

The Overseas Teachers' Association, as previously reported in our columns, has been calling attention to the shortcomings of their schools and how they could be overcome. It seems to us it would be wise for the Department of Defense and the Committees of Congress to call upon these teachers and the representatives of the Parent-Teacher Associations abroad for consultation on these problems which are so vital to Service families.

QUOTES FROM THE JOURNAL

10 Years Ago (6 Sept. 1947)—Save the Horse, Inc., a society to further the interest of all breeds of horses and mules, has as one of its objectives the restoration of the horse to the Army. Horse Cavalry, the Association states, is a needed auxiliary to every armored and motorized army.

50 Years Ago (7 Sept. 1907)—President Roosevelt's strenuous intention to maintain the highest standard horsemanship in the Army has led to another general order on the subject. In a letter to Secretary Taft he said that he desired that all officers should be able to ride for fifteen miles at various gaits, ten miles of which should be made at the trot and gallop to see what officers were fit to sit in the saddle.

90 Years Ago (7 Sept. 1867)—Major General Sheridan on last Saturday received the order relieving him from command of the Fifth Military District. He was to leave New Orleans as soon as he had turned over his command to Brevet Major General Griffin. The Union men of New Orleans are circulating a petition urging Congress to restore General Sheridan to the command of the District.

READERS' VIEWS

(Letters to the Editor must have author's name and address, but name will be omitted on publication if writer so states. Longer letters may be extracted for publication.)

West Coast BB's

Editor, THE JOURNAL:

In the JOURNAL, issue of Aug. 24th, page 27, column headed "Battleship Highlights"; there is the following paragraph:

BB-44 CALIFORNIA. First BB to be built on the West Coast.

The USS CALIFORNIA was probably the first battleship to be built by the Mare Island Ship Yard but it was not the first battleship to be built on the West Coast.

I would like to state that there were four other and older battleships built on the West Coast.

BB-3 OREGON. Built by Union Iron Works, San Francisco, Calif. Commissioned Jul. 15, 1896.

BB-9 WISCONSIN. Built by Union Iron Works, San Francisco, California. Commissioned Feb. 4, 1901.

BB-12 OHIO. Built by Union Iron Works, San Francisco, California. Commissioned Oct. 4, 1904.

BB-14 NEBRASKA. Built by Moran Bros., Seattle, Washington. Commissioned Jul. 1, 1907.

Army Cuts

Editor, THE JOURNAL:

There are some things just plain stupid about the Army's program of cutting back on military personnel. This is apparently being done in Washington without much consider-

ation being given to the criticality of the jobs held.

In my organization, big holes have been ripped into our working staff. In some cases it takes months to train replacements. And where are these replacements coming from?

Surely the local commander should be given a chance to concur or not concur on the people he is losing.

REGULAR ARMY OFFICER

Retired Officers To Teach

Editor, THE JOURNAL:

At Oberlin College we have a vacancy in our Department of Biology. We also have a vacancy in our Department of Elementary Education. We are anxious to fill these positions very soon.

C. H. CONNOR
DEAN OF THE COLLEGE
OBERLIN COLLEGE
Westerville, Ohio

Opposes Nominations

Editor, THE JOURNAL:

I have long been impressed with the conservative and mature opinions expressed by THE JOURNAL, that is until I read the editorial "Harsh Charges" (31 August '57) in which the recently proposed appointment of Colonel Stewart to B G (reserve) was defended.

If appointments to general officers (or any other grades) are to be based upon other than military con-

siderations, it will become a sad day for the country. This is not intended as any reflection upon the abilities of Col. Stewart, but he would be obviously cast out of character in playing the part of a general with only 24 days' active service in the past twelve years. Just as far miscast as many generals would be in Hollywood. Unless it is conceded that generals don't need any training or experience.

I believe if THE JOURNAL wishes to retain the confidence of the Armed Forces it must give a better justification for defense of this appointment, or else reverse its stand and acknowledge the facts. The statement that "there are thousands of Air Force officers who believe that Colonel Stewart is a busy participant in Air Force training" is most odd. How is THE JOURNAL aware of the opinions of these thousands? I venture to say there are thousands against it.

It is a great disappointment to realize that "The Spokesman of the Services Since 1863" supports such preferential appointments, as there is a principle involved here, which if permitted to grow, would ruin not only the morale of the services, but the country as well.

I hope THE JOURNAL will see its way clear to publishing this opposing opinion, which is that Senator Margaret Chase Smith deserves the highest possible praise for upholding the standards of the Armed Forces against its own recommendation.

"ONE OF THE OPPOSING THOUSANDS."

General Kuter's Pacific Command Covers 40 Per Cent Of Globe; New Headquarters In Hawaii Directs Force Of 100,000

Dep Commander; Col. M. L. Haskin, SAMAPAC Commander; Col. John A. Way, NAMAPAC Commander; Col. M. J. Ingelido, PACAF Dep AC/S Operations; Col. Howard E. Webster, PACAF AC/S Installations.

WITH a total strength slightly over 100,000 military and civilian personnel, the newly activated Pacific Air Forces under General Laurence S. Kuter has been given responsibility for an area covering 40 per cent of the globe.

Its headquarters in Hawaii are in instantaneous communication with combat ready bases in Japan, South Korea, Okinawa, Guam, the Philippines and Formosa.

Geographically the largest Air Force command in the world, it is also the only Air Force command which has seen combat since the end of WW II.

Formerly designated Far East Air Forces, PACAF headquarters have shifted through the years from Brisbane, Australia, to Hollandia, New Guinea, to the Philippines, and to Nagoya, Japan. On 1 July 1957, when FEAF changed its name to Pacific Air Forces, headquarters were moved to the present site at Hickam AFB, Honolulu.

The roster of commanders prior to reorganization this year includes such distinguished Air Force Generals as George Kenney, Ennis C. Whitehead, George E. Stratemeyer, O. P. Weyland, and Ear E. Partridge.

General Kuter has been commander of Far East Air Forces since he left the post of Air University Commander in 1955. With the 1 July 1957 renaming of his organization his title was changed to Commander-in-Chief, Pacific Air Forces.

In addition to providing a continuing and accelerating program of expansion and training for Japan and Korea, PACAF also provides administrative and logistical support for the air forces of Nationalist China, Thailand and the Philippines. It conducts aeromedical evacuation, troop carrier operations, search and rescue operations, supports the Military Air Transport Service, controls air traffic in its area of responsibility, operates early warning networks, and conducts weather reconnaissance.

Under PACAF tutelage the Japanese Self-Defense Air Force has developed to an efficient corps of 5,000 officers and

This article on the new Pacific Air Force organization follows publication, 17 August, of a feature report on Admiral Felix B. Stump's U. S. Pacific Command, of which PACAF is a major component.

men. It has similar responsibility for the guidance and training of the Republic of Korea Air Force.

Fifteen stars are numbered among General Kuter's staff at PACAF. Senior members of the staff include:

Maj. Gen. Emery S. Wetzel, CofS; Maj. Gen. Hunter Harris, jr., CINCPAC, DC/S for Plans and Operations; Maj. Gen. Matthew K. Deichmann, DC/S Admin & Log; Maj. Gen. John S. Hardy, DC/S Plans & Operations; Brig. Gen. Ralph E. Koon, AC/S Operations; Brig. Gen. Harry C. Porter, AC/S Materiel; Brig. Gen. Lawson S. Moseley, AC/S Plans; Brig. Gen. Robert S. Macrum, AC/S, Comptroller; Maj. Gen.

Oliver K. Neiss, Command Surgeon; Col. William T. Coleman, Command Adjutant; Brig. Gen. Frank P. Corbin, jr., Staff Judge Advocate; Col. Raymond L. Curtice, Inspector General; Col. Howell G. Guin, Staff Chaplain; Col. Harris B. Hull, AC/S, Intelligence; Col. William H. Leach, AC/S, Personnel; Col. Howard E. Webster, AC/S, Installations; Col. Ira F. Wintermute, Asst. for Safety; Col. Chauncey B. Whitehead, Director of Information Services; Col. Robert P. Rlordan, Secretariat; Maj. Oliver M. Noland, Protocol, Director.

Senior officers at PACAF commands throughout the Pacific area include:

FIFTH AIR FORCE: Lt. Gen. Frederic H. Smith, jr., Commander; Maj. Gen. Kenneth B. Hobson, Vice Commander; Brig. Gen. James O. Guthrie, Commander, 39th Air Div; Brig. Gen. Cecil P. Lessig, Commander, 41st Air Div; Col. Ladson G. Eskridge, jr., Commander, 43d Air Div; Brig. Gen. William G. Hipps, Commander, 313th Air Div; Brig. Gen. Virgil L. Zoller, Commander, 314th Air Div.

THIRTEENTH AIR FORCE: Maj. Gen. John B. Ackerman, Commander, 13th AF; Col. Kermit Stevens, Vice Commander, 13th AF; Col. Charles R. Meyer, Commander, 327th Air Division, Marianas Air Division; Brig. Gen. Fred M. Dean, Commander, 13th Air Task Force (Prov).

315TH AIR DIVISION: Brig. Gen. Charles H. Pottenger, Commander; Col. William M. Brown, Vice Commander.

PACIFIC AIR BASE COMMAND: Brig. Gen. Kurt M. Landon, Base Commander; Col. Joseph B. Stanley, Deputy Commander.

HAWAIIAN AIR DIVISION, WHEELER AFB: Brig. Gen. Kurt M. Landon, Commander; Col. Clayton B. Claassen, Deputy Commander.

companying officers are: Lt. Col. Carrie E. Barrett, Personnel Division; Lt. Col. Elizabeth L. Breitung, Medical Plans and Operations Division; and Maj. Ann M. Witczak, Education and Training Division.

Director of the Conference is Lt. Col. Katherine V. Jolliffe, Chief of Nurses at Second Army Headquarters, Ft. Meade, Md.

COL. ROBERT H. BLOUNT, USAF, (MC) has become Deputy Commandant of the Air Force School of Aviation Medicine at Randolph AFB, Tex., under Maj. Gen. Otis O. Benson, jr., USAF (MC).

Colonel Blount had been Medical Air Attaché at the U. S. Embassy in Paris.

COL. EDWARD SIGERFOOS, MC, USA, recent graduate of the Army War College, has been assigned as Fourth Army Deputy Surgeon, Ft. Sam Houston, Tex.

Colonel Sigerfoos is the son of the late Brig. Gen. and Mrs. Edward Sigerfoos of Washington, D. C., is married and has three children.

A 500-BED HOSPITAL under construction at Ft. Benning, Ga., has been

named the Martin Army Hospital in memory of Maj. Gen. Joseph I. Martin, an Army Infantry School graduate and member of the Medical Corps who died last April.

The new hospital, begun in 1955, is expected to be completed in the spring of 1958.

The Navy Bureau of Medicine and Surgery celebrates its 115th anniversary 31 Aug., the only Navy Bureau still retaining its original name as established by Congress in 1842.

ARMED FORCES MEDICAL PUBLICATION AGENCY functions and responsibilities are described in AR 40-224, BUMEDINST 5410.1A and AFR 160-36.

COL. HAROLD V. ELLINGSON, USAF, who left the School of Aviation Medicine, San Antonio, Tex., three years ago to become Deputy Surgeon of the Alaskan Air Command, is back at the Randolph AFB institution as Director of Plans and Training.

COL. ELMO D. NOLAN, USAF formerly in the Office of the Surgeon at MATS Headquarters, has been assigned to the Office of the Staff Surgeon, Headquarters Tactical Training Air Force, Gulfport, Miss.

Col. Gildart Leads First 'Redstone' Unit

The Army's first operational heavy ballistic missile unit, with the Redstone Missile as its organic weapon, will be activated this month at Redstone Arsenal, Huntsville, Ala.

Designated the 40th Field Artillery Missile Group (Heavy), the unit will be under the command of Col. Robert C. Gildart, who formerly served with the Continental Army Command's Army Combat Developments System at Ft. Monroe, Va.

Unit strength will be 650 officers and men.

The 40th FAMG will be trained at Redstone Arsenal facilities, under the supervision of the Continental Army Command.

Navy Electronic Contract

The Navy has awarded a \$19 million contract to Westinghouse Electric Corp., for shipboard and airborne electronic equipment.

Westinghouse's Baltimore Divisions will produce advanced shipboard radar sets and Aero 21-B bomber tail turret defense systems. Both contracts are extensions of existing contracts.

EVREUX-FAUVILLE AB, France — Dressed in a Grey Lady uniform, Mrs. Clyde Box, wife of Col. Clyde Box, 322d Air Division Commander, cradles a newborn baby in her arms as she carries the infant from an air evac C-47. Standing by is the flight nurse, 1st Lt. Betty L. Burchinal of the 1st Aero Med Evac Group. Mrs. Box originated the idea of having a Grey Lady meet the scheduled air evac aircraft that land here twice weekly and give a helping hand wherever it may be needed. This airborne baby along with its mother have just returned from the Air Force Hospital at Chateauroux, France. According to Maj. Edwin J. McBride, 2d Aero Med Group Commander, this is the first time that a service of this type has been tried in this Theater.

Gen. Hall New AMC Surgeon; Other Medical Notes

Brig. Gen. Wilford F. Hall, USAF, is the new Surgeon of the Air Material Command, Dayton, Ohio. In his new post he will be responsible for the health of AMC personnel throughout the world.

Prior to joining AMC, General Hall was

MAJ. GEN. RALPH W. ZWICKER, left, 24th Division CG, does the honors as he pins the star of a brigadier general on Col. George W. Power, commander of 24th Division Artillery in Korea.

Chief Medical Officer at Supreme Headquarters, Allied Powers, Europe, at Paris, France.

The General comes from a distinguished medical family. His father, Dr. Andy Hall, 92, still maintains his medical practice in Mt. Vernon, Ill. and was named "The Outstanding General Practitioner in the United States" by the American Medical Association in 1950.

LT. COL. WENDELL R. WILKIN, MSC, USA, was appointed Chief of the Clinical Psychology Branch, Office of the Chief Psychiatry and Neurology Consultant, in the office of the Army Surgeon General, Washington, D. C. He will advise on matters of clinical psychology, plan and recommend research and development activities and review reports in this field. Colonel Wilkin lives with his wife and two children at 3610 Glenmoor Drive, Chevy Chase, Md.

COL. INEZ HAYNES, Chief of the Army Nurse Corps, and three ANC staff members in the office of the Army Surgeon General, will attend the second Army Chief Nurses Conference at Ft. Knox, Ky., 10-11 September. The ac-

memo

SOVIET ANNOUNCEMENTS of ICBM successes and plans for North Atlantic naval maneuvers are complicating Pentagon plans for new announcements on budget cutbacks. The Air Force, for example, as Secretary Wilson began his last month in office, had yet to tell details of contract cancellations and stretch-outs in its aircraft procurement program. These are a "must", of course, if the Air Force is to get within the prescribed budget ceiling.

THE SERVICES ARE HOPEFUL new Defense Secretary Neil H. McElroy will authorize the tapping of his multi-million dollar emergency fund to help defray costs of the annual Armed Forces Day celebration. Unless this is done, the nationwide observance next May will suffer because of the budget pinch.

THERE'S SOME REASON TO BELIEVE that Mr. McElroy, with his long experience in advertising and public relations, will view more kindly than Secretary Wilson outlay of funds for Service participation in major aircraft shows.

THE DEFENSE DEPARTMENT may step into the off-duty education picture more vigorously in order to assure a greater degree of uniformity among the Services. As the situation now stands (see Page 1), educational opportunities for officers and enlisted men vary greatly among the Services. The Services, hit by budget problems, would prefer that off-duty educational assistance come elsewhere than from Maintenance and Operations Funds, but as long as this is the case they want control.

DURING THE LAST QUARTER of fiscal '57, the Air Force was ordered by the Budget Bureau to cut M&O spending. In order to buy fuel for aircraft, educational assistance was slashed.

THE SERVICES ARE ANGRY over the way some defense cutbacks are being announced, particularly the sudden decisions of top DoD officials to put out information before local commanders can be advised. As a consequence, commanders are unable to answer questions, not only from the local press, but from Service families. It's bad public relations and bad for morale, too.

THERE'S MORE THAN A SUGGESTION that some people at the Pentagon are hopeful that a few closings may be averted by making announcements well in advance—in some cases, as much as two years. Congressional protests follow immediately reports of plans for closings. On the other hand, there's reason to believe that some installations, to be shut down this fiscal year, will be designated hard on the heels of Congressional adjournment.

SCHOOL BUS SERVICE at many military installations will be restricted because of the budget cuts. Langley AFB, Va., already has put out an order to this effect. At Langley, which is headquarters for the Tactical Air Command, commissary patrons have been asked to please return paper bags for re-use; fans and air conditioners in homes have been ordered disconnected.

OVERSEAS SCHOOL PROGRAMS for the Services, which are taking budget cuts as costs mount, are going to come in for close scrutiny by visiting Congressmen this Fall. Some will demand to know why it is necessary to use profits from liquor sales (See Page 18) to help pay for the education of Service children.

—2—

MANY ARMY AVIATORS ARE CRITICAL of the present General Staff policy that results in designation of non-rated officers to key aviation billets. Both the Commandant of the Army Aviation School and Center, Brig. Gen. Bogardus S. Cairns, and Brig. Gen. Ernest F. Easterbrook, who is expected to be the new Director of Army Aviation, were non-rated before ordered to Army Aviation billets. Meantime, a long-time flier, Brig. Gen. Carl I. Hutton, former head of the Aviation School and Center at Ft. Rucker, Ala., has been shifted to assignment as a division artillery commander.

AUTO MANUFACTURERS, already heavily involved in the missile program, are showing great interest in the Army aviation program. Chrysler, for example, has one of the three Army contracts for the design, construction, and testing of aerial jeeps. Yet Ford, which has no such contract, is working on a design using its own funds. That auto firms will offer stiff competition to the aviation industry is shown by the fact that one auto builder has told the Army it could make and sell an aerial jeep as cheap as a conventional ground vehicle.

AERIAL JEEPS are what the Army is earnestly seeking. The one-man 'copter idea is useful in special areas, but the Army wants to carry more than one man plus some weapons or supplies. In the one man field, the Army plans to proceed with the Hiller Flying Platform. The Army has found that the deLackner Aerocycle has "drawbacks," but that the Flying Platform "has shown much promise."

PILOT TRAINING OF ARMY EM, undertaken in spite of "friendly warnings" from the Navy and Air Force that it wouldn't work, is now looked upon in the Army as one of its best programs. Commissioned as Warrant Officers after flight training, these former enlisted men are giving the Service top performance, the Army high command says. Not only does the Army get maximum use of their pilot training, but the program affords an excellent advanced career field for outstanding soldiers.

THE PEOPLE OF MISSOURI will feel the absence on Capitol Hill of former Representative Dewey Short, now an Assistant Secretary of the Army, during current action concerning economy closings of military installations. As the ranking Republican on the Armed Services Committee, Mr. Short was in a strategic position to help influence decisions on such matters. Don't be surprised if forthcoming Army shutdowns include at least one major facility in Missouri.

A TOUCHY PROBLEM confronts the Air Force and its plans for Academy construction. The President has approved legislation giving the Air Force \$3 million for an Academy Chapel. But powerful legislators of both parties oppose the Air Force-approved design. IF THE AF GOES AHEAD with construction, as it says it will, it can count on sharp criticism on Capitol Hill next year. If it delays, however, trying for universal approval, the Academy will open without a Chapel.

CHINESE FORCES ON TAIWAN have graduated the first American from their rugged airborne course. He is Brig. Gen. Richard A. Ridsen, Chief of the MAAG Army Section.

EVERYTHING'S A "SYSTEM" in contemporary military parlance. The Army this week told of a new way (Page 4) for soldiers to carry items needed in the field. The belt and suspender arrangement is called officially an "Individual Load Carrying System."

Col. Noble Gets Benning Engineer Group, Rio Vista Command To Col. Diamond

Col. Charles C. Noble now commands the 151st Engineer Group at Ft. Benning, Ga. He replaces Col. Julian V. Solohub, named Chief of the Engineer Supply Control Office in St. Louis, Mo. Colonel Noble is married to the former Freda Kelly Leve of Orinda, Calif. They have five children, Jeanne, 14, Robert, 12, Barbara, 10, Carol, 7, and Stephen, 4.

Col. Irwin M. Diamond, formerly Director of Storage and Distribution of the Army Transportation Supply and Maintenance Command, St. Louis, Mo., has been reassigned Commanding Officer of the Army Transportation Storage Activity, Rio Vista, Calif., a field agency of the Transportation Supply and Maintenance Command responsible for receiving, storing, issuing marine equipment and supplies, and performing depot maintenance on marine equipment.

Col. S. F. Silver has assumed full-time duties as Deputy Commander for Training of the Quartermaster Training Command. He was succeeded as Commandant of the Quartermaster School by Col. Clarence E. Reid, who has been Assistant Commandant.

Colonel Silver became Commandant of the QM School in April 1956 and in August last year was also designated as Deputy Commander for Training of the QMTC. Acting in a dual capacity, Colonel Silver has carried the responsibility for both posts for the past year.

Col. William R. Dayton has been assigned Headquarters Commandant and Commanding Officer, Fourth Army Special Troops, Ft. Sam Houston, Tex. He arrived from Hq., Second Army Ft. Meade, Md., where he was Headquarters Commandant and Commanding Officer of the Support Element for the past four years. With his wife, Blanche, Colonel Dayton lives at 402 Dickman Road, Ft. Sam Houston.

Col. Pyueng S. Pyuen, former Sixth

Army Chemical Officer at Presidio of San Francisco, has been named Director of Quality Assurance at the Army Chemical Center, Md.

Col. Erling J. Foss has been named CofS at the U. S. Army Signal Training Center.

His wife is the former Gladys Skaug. In Augusta, Colonel and Mrs. Foss reside with their children, Lenore, Kristin, and Zeline, at 2216 Edgewood Drive.

Col. Robert B. Skinner, Commanding Officer, has assumed the additional duty as Surgeon, Regional Camp Tokyo. This additional duty makes him responsible for the operation of the Area Medical Service of Regional Camp Tokyo. Col. Francis S. Crane, formerly Surgeon, 1st Cavalry Division, has been named Deputy Surgeon, Regional Camp Tokyo. His headquarters is located at Camp Burness.

Col. Carl W. Kohls has assumed command of the Army Quartermaster Depot at Metz, France.

Col. Clare Passink, former Commander of the Army Air Passenger Center, Rhein Main, Germany, has been named Deputy Commander of the Transportation Supply and Maintenance Command, Brig. Gen. William B. Bunker, Commanding General, has announced at St. Louis, Mo. The Command is the Transportation Corps' field logistics organization for global support of the Army's aviation, railroad and marine programs. Colonel Passink succeeds Col. Barclay T. Resler, assigned to the Office Chief of Transportation.

Col. Alva L. Ritchie has been named Chief of Finance and Accounting Services for Headquarters, U. S. Army, Pacific. He has served as Chief Finance and Accounting Officer for the Fifth Army in Chicago, Ill.

Captain

Army Tells Revised Fiscal '58 Program

(The following announcement was released 23 August at the Pentagon following days of "coordination" between the Army and the Defense Department and Members of Congress. There is a strong likelihood that this report does not tell the full story, that other Army cutbacks are in the offing.)

REDUCTIONS in civilian personnel and in Army activities, installations and units were announced today by the Department of the Army. The reductions are consistent with the 50,000 reduction in Army military strength planned to be effective by 1 January 1958 and the limitation on Army expenditures for FY 1958 of a total of \$8.95 billion.

TROOP UNITS

In order to absorb the reduction of 50,000 military personnel, three major readjustments will be made in the Army troop structure by 1 January 1958.

Air defense units will be reduced by the early deactivation of 18 anti-aircraft artillery battalions.

The following division adjustments are being made: The 2d Infantry Division, now in Alaska at reduced strength, will be replaced by a streamlined force especially tailored to perform its mission. Ultimate decision as to disposition of the 2d Division designation has not been made. This will reduce the number of Army divisions from 17 to 16 by January, 1958.

The Army previously announced the deactivation of one division stationed in the Far East.

There will be no change in the number of divisions currently deployed in Europe and Korea. The remainder of the changes will involve primarily a cutback of some combat, and combat support, and service support elements.

CIVILIAN PERSONNEL

The reduction in civilian personnel world wide will amount to approximately 15,000 in the Army's authorized civilian force budgeted for the Fiscal Year 1958. Those portions of the total reduction which have been scheduled to date are itemized below.

At departmental headquarters in Washington, a reduction of 1,713 civilian personnel was ordered some months ago effective during Fiscal Year 1958. Under a recent extension of this order to major subordinate headquarters world wide, 1,217 additional civilians will be affected during the same period. **Eight depot and storage facilities employing 3,150 persons will be inactivated.**

Installation
Jeffersonville (Ind) QM Depot
Belle Meade General Depot (Somerville, N. J.)
Aberdeen (Md) Ordnance Depot
Delaware Storage Activity (Pedricktown, N. J.)
Curtis Bay Storage Activity (Baltimore, Md)
Camp Stanley (Tex) Storage Activity
New Orleans (La) Storage Activity
Boston (Mass) Storage Activity
TOTAL

RETIRED—

Colonel

Beaudry, Thomas A., Armor, pd (100%) fr MHD Brooke AH, Ft Sam Houston, Tex.
Tonnar, Wiley B., QMC, fr Ft Ord, Calif.

Lt Colonel

Price, Russell S., Inf, pd (40%) fr MHD, USAH, Ft Benning, Ga.

Major

Williams, Joseph H., Sig C, pd (100%) fr MHD Brooke AH, Ft Sam Houston, Tex.

Captain

Anderson, Edward A., MPC, pd (60%) fr temp disab ret list to perm disab ret list.

1st Lieutenant

Dermont, John G., Inf, pd (30%) fr temp disab ret list to perm disab ret list.

The 1,627 employees to be absorbed by other depots will fill positions left vacant through normal attrition. Thus the total reduction in civilian strength at these facilities will be 3,150.

Six Government-owned Industrial Plants are to be inactivated in Fiscal Year 1958. They are:

Plant	Civilian Employees
Kankakee Unit, Joliet Arsenal, Joliet, Ill.	25
Hoosier Unit, Indiana Arsenal, Charlestown, Ind.	52
Ordnance Assembly Plant, Edgewood, Md.	56
Ravenna Arsenal, Apco, Ohio	40
Louisiana Ordnance Plant, Minden, La.	47
Sunflower Ordnance Works, Lawrence, Kans.	50
TOTAL	270

Other installations to be inactivated are the Seattle (Washington) Army Terminal with 860 employees which will be closed 1 Oct. 1957, and Murphy Army Hospital, Waltham, Mass., with 181 employees, which closes 1 Jan. 1958. At Seattle, 520 workers are expected to be offered new positions and 340 will be terminated or will resign. At Murphy, 151 will be offered new jobs and about 30 will be separated.

All employees involved in the reduction will have at their disposal the Army's Individual Job Placement Service. This Service provides for transfers to other Government as well as Army activities, and placement in commercial employment through extensive cooperation with State Employment Services. Army records show that Army trained civilian personnel have been readily placed in the past.

During the past several months, the Army has curtailed the hiring of civilians in an effort to minimize the necessity for lay-offs.

The maximum utilization of manpower and the balance between forces in being, modernization and new weapons are under continual study by the Army. Some additional adjustments may have to be made as the facts develop during the next few months.

What's Ahead

THE NATIONAL GUARD ASSOCIATION will bring more than 1,000 official delegates to its 79th General Conference in Louisville, Ky., 7-10 Oct.

ANNUAL JUDGE ADVOCATE OFFICERS CONFERENCE will be conducted 30 Sept. through 4 Oct. at the Judge Advocate General's School, Charlottesville, Va. Theme of the conference, which will be attended by 150 senior JAG officers, is "The Role of the Military Lawyer in the Atomic Age."

Lollar, Victor G., Inf, pd (30%) fr temp disab ret list to perm disab ret list.

Chief Warrant Officer

Stackhouse, W-3 George L., CE, pd (40%) fr temp disab ret list to perm disab ret list.

TOPS AT MATHER

All time records have been set at Mather AFB, Calif., by three August graduates of the aircraft navigator courses.

Capt. Raymond R. Dupell of Class 59-F-OU, Primary-Basic Observer Upgrading Course, earned the highest academic grades recorded since the inception of that program several years ago. At the same time he earned the second highest flying training grades. He will be assigned to the electronic countermeasures course at Keesler AFB, Miss.

Lt. James F. Young, Class 57-K-RB, Advanced Navigator Reconnaissance - Bombardment Course, earned the highest academic grades recorded in the program—making outstanding marks through the navigation, radar, and tactical navigation-bombing phases of the course. His flying grades were the second highest ever earned in the ANRB program.

Lt. Harry Hargraves earned the highest flying grades ever made in the program. His academic grades were second highest.

Marine Corps Orders

To MarCorB, CamLeJ

From 3d Mar Div:
Burrell, W-2 William C.
Keeton, W-2 Charles W.

WARRANT OFFICER

Duerr, Edward J. MCB, CamPen, to 1st Mar Div.

Nester, George N. Manchester, NH, to MarCorSupCen, Barstow, Calif.

Fields, John, Jr. MCAS, CherPt, to MCS, Quant, Va.

New AF Regulations

Veterinary Corps first lieutenants on active duty may be promoted to the temporary grade of captain by either Major Air Commanders or AF Headquarters when they have completed 20 months in grade. For the purpose of promotion, the following may be considered as active service in grade: commissioned service in any of the Armed Forces; Active service in the Public Health Service after 29 July 1945, or prior to that date if performed outside the continental limits of the U. S. with any of the Armed Services. Details are given in AFR 36-14.

SECURITY REGULATIONS are re-vised by AFR 205-E.

WARTIME PLANS schedule is established by AFR 55-3. The purpose and content of individual plans is also considered.

USAF TRAINING PROSPECTUS will be used to disseminate course information to both military and civilian personnel, according to AFR 50-15.

AF SPECIAL INVESTIGATIONS School mission is defined in AFR 53-24. The school gives both basic and advanced instruction in the special investigations field.

REAL ESTATE

REQUESTS TO DEFER DISPOSAL of excess real property, whether tentative or firm, must be communicated to AF Headquarters within 30 days from the notice of availability of such property, states AFR 87-4B.

REPORTING PROCEDURES for land interests and characteristics data are contained in AFR 87-18.

Army Issues Rules On Varied Subjects

Women sentenced to less than one year's confinement under the Uniform Code of Military Justice by Army authorities will have their sentences remitted as a matter of policy, says AR 633-45. The regulation prescribes further rules for the apprehension, confinement and trial of women.

DIVISION OF RESPONSIBILITIES for all but government-owned industrial facilities on the Key Facilities List is accomplished in AR 580-21.

CLASSIFIED INFORMATION released to National Guard and Reserve components is regulated by AR 135-380. The regulation does not apply to National Guard or Reserve personnel on six months' active duty for training.

INSPECTOR GENERAL investigation reports will be marked "FOR OFFICIAL USE ONLY," except where national security requires a higher classification. Other IG procedures are listed in AR 20-1.

MATERIEL to support non-governmental scientific activities will be provided by the Department of the Army when the services to be provided by the expeditions fulfill Army requirements. Other policies for the use and development of materials under extreme environmental conditions are contained in AR 705-15.

FISCAL CODES for Army general appropriations for FY '58 are listed in AR 35-219.

LOGISTICS AND SUPPLY

SUPPLY STATUS reporting system for Reserve and ROTC equipment status reports is described in AR 711-43.

REPAIR PARTS for rail target cars must be obtained in accordance with Cir 701-1.

INSTRUCTIONS for Supply support agreements on DD forms 1144 and 1144-1 may be found in 700-4.

EXCESS ENGINEER ITEMS in overseas commands which are required in the United States are reported in accordance with AR 730-590. The items are listed in the regulation.

LOGISTICS RESPONSIBILITIES for items in various Federal Supply Classification classes are assigned by a series of newly-issued regulations. Listed, they are: Class 7210 Household Furnishings, AR 701-7210; Class 8410 Women's Outerwear, AR 701-8410; Class 8420 Men's Underwear and Nightwear, AR 701-8420; Class 8415 Special Purpose Clothing, AR 701-8415; Class 8430 Men's Footwear, AR 701-8430; Class 8455 Badges and Insignia, AR 701-8455; Class 8460 Luggage, AR 701-8460.

PERSONNEL

QUALIFICATIONS for enlisted men selected for assignment to Armed Forces Special Weapons Project, Army Security Agency, and Army Field Detachment "M," ACSI, are stated in AR 611-254.

FUND-RAISING organizations entitled to solicit in Army installations stateside and overseas are listed in AR 600-29.

PERSONNEL RECORDS JACKET contents and handling are described in AR 640-10.

RE-ENLISTMENT bonus promises should not be made until all pertinent facts have been verified from personnel records and the amount confirmed by a finance officer. This admonition is contained in AR 601-280.

INELIGIBLE FOR OVERSEAS movement are personnel who possess no Army Classification Battery Aptitude Area of 90 or above, and grades E-5 through 7 with 20 years' service who have completed a foreign service tour since 1 Jan. 50. Effective 1 November 57, says AR 612-35, personnel who possess only one ACBAA score of 90 or above and have less than 18 months' service remaining after arrival at replacement center or port of embarkation will not be eligible for overseas duty.

MRS. ROY E. LINDQUIST admires Legion of Merit awarded her husband by the President of the United States for "Outstanding Services" in directing the "Test and evaluation of new, unique and unprecedented organization and operational principles for an airborne Infantry Division." Presentation was made by Lt. Gen. Thomas F. Hickey, Third Army Commander, just before picture was taken, at Marne Field, Ft. Benning, Ga.

HEADS VMI CADETS

Col. Glover S. Johns, USA, is the new Commandant of Cadets at Virginia Military Institute, Lexington, Va. He succeeds Lt. Col. G. E. Butler, USAF, who departed for assignment with headquarters of the Third Air Force in England.

Professor of Military Science at the Institute during the past year, Colonel Johns will continue to hold that post while serving as Commandant. The Commandant is responsible for the military and disciplinary training of the 950-man cadet corps.

Colonel Johns was graduated from VMI in 1931.

Senate Confirms All But 76 Nominations

The Senate, before adjournment, confirmed all but 76 of the pending Armed Forces nominations.

Those not confirmed include Dr. Paul Darwin Foote, to be Assistant Secretary of Defense for Research and Engineering, and Air Force Reserve Colonels James Stewart and John B. Montgomery to be Brigadier Generals.

Also not confirmed, because of their late transmission to the Senate, were Navy Captains Edward C. Kenney, Lionel C. Peppell and Thomas A. Long, to be Rear Admirals in the staff corps, and Marine Corps Brigadier Generals Carson A. Roberts, James P. Berkeley and Donald M. Weller to be Major Generals.

Sixty-seven Marine Corps lieutenant colonels nominated for promotion to full colonel also were on the latter list. They are:

Equitable Life Assurance Eases Pilot Insurance

Further liberalization in the underwriting of certain military risks by The Equitable Life Assurance Society of the United States is announced by S. A. Burgess, agency vice president, effective immediately.

Student military pilots with less than 200 pilot hours are now eligible for full aviation coverage. Military pilots with less than 500 pilot hours will be treated as one category, and will be charged an extra premium of 50 cents per month per \$1,000, payable for one year, in addition to the basic aviation extra premium. The limit of aviation coverage available to commissioned pilots in this category is \$10,000.

In addition, Equitable has made available additional indemnity provision to paratroopers, other airborne troops and men in the submarine service. The A.I. premium for such applicants will be two times the standard A.I. premium.

END "RECRUITING," NEW WORD "PROCUREMENT"

Recruiting, one of the oldest Branches at Marine Headquarters, received a new title 1 September when it was consolidated with the Officer Procurement Branch.

Col. Norman Van Dam, former Head of the Recruiting Branch, directs the consolidated unit, known as the Military Personnel Procurement Branch.

At the same time, Lt. Col. James T. Kisgen, Head, Officer Procurement Branch, shifts to duties as Chief of the Separation and Retirement Branch.

Merger of the two Branches, Headquarters said, will make for greater efficiency and permit one office to keep its finger on the total in-put.

SERVICE FAMILY NOTES

MRS. DWIGHT O. MONTEITH (left), wife of Brig. Gen. Monteith, Commander of Mather AFB (3535th Navigator Training Wing), greets a member of the Mather Officers' Wives Club during the recent formal tea held by that organization to welcome the new "First Lady" of Mather. To Mrs. Monteith's left in the receiving line at the Officers Club where the tea was held is Mrs. Paul E. Busse, president of the Mather Wives Club.

THE senior JANGO luncheon, which will open the Fall season, is scheduled for Tuesday, 17 Sept., at the Ft. McNair Officers' Club, starting at 12:30 p. m. Initiating a new policy, each month JANGO will pay tribute to one branch of the Armed Forces and, since 17 Sept. is Navy Day, the Navy will be honored.

Mrs. Thomas S. Gates, jr., wife of the Secretary of the Navy, and Mrs. Arleigh A. Burke, whose husband is Chief of Naval Operations, will be the guests of honor and the Sea Chanters from the Navy Band will provide their excellent singing, under the direction of Chief Musician Julius Whittinger.

Reservations and cancellations may be made until noon of Monday, 16 Sept., by calling the JANGO office, NATIONAL 8-5809. The price of each reservation will be \$2.50.

ICAF Women's Club—

The first Fall luncheon meeting of the Women's Club of the Industrial College of the Armed Forces will be held in the ballroom of the Officers' Club at Ft. McNair, on Tuesday, 10 Sept., at 12 noon.

The Commandant of the College, Maj. Gen. Robert P. Hollis, USA, will welcome the wives of the incoming students, tell them some of the highlights of the College's history and clarify the wives' role in ICAF life. At this meeting also, the Club officers for the year will be elected.

Hostesses for the luncheon will be Mrs. Robert F. Pike, chairman of the Summer Committee; Mrs. John C. Lackas, co-chairman of the Summer Committee and chairman for the luncheon; and the other members of the committee.

AF OWC Welcomes Newcomers—

Hospitality coffee parties sponsored by the Air Force Officers' Wives Club of Washington, to welcome newcomers are continuing. On 22 Aug., Mrs. Robert L. Carter of 233 N. Galveston St., Arlington, Va., assisted by Mesdames D. F. Montgomery, R. O. Duckworth, and R. D. Kalb, entertained Mesdames Grafton W. Stull, William G. Gillespie and William E. Daggett. Members of the Club Board attending, included Mrs. R. J. Reeves and Mrs. C. G. McKinney.

On 23 Aug., Mrs. C. M. Erving of 1200 Marc Dr., Falls Church, Va., entertained recent arrivals in that area, including Mesdames G. F. Harrington, G. Serangeli, W. R. Edgar, R. H. Mitchell, M. W. Hightshoe, jr., J. R. Thorn, J. T. Corn,

SACLANT FAMILY-GRAM

Admiral Jerauld Wright, Commander-in-Chief, Atlantic Fleet, has initiated a "Family-Gram" program to keep parents and wives informed about the duties of men away from home.

The Family-Gram is a mimeographed sheet which will be sent directly to families of men engaged in Fleet maneuvers or on extended cruises. Included in the information will be the purpose of the exercise or the cruise, and facts about the ship.

H. D. Thافتon, R. H. Hamill, C. E. Thomson, and W. C. Dreier, with Mrs. Jack G. Merrell of the Club Board

Women's Club of Army SCO—

The opening luncheon of the season for the Women's Club of the Surgeon General's Office is planned for 12 Sept. at 12 noon, at the Walter Reed Officers' Club, when the Strolling Strings of the Air Force will provide the entertainment.

Mrs. Silas B. Hays, wife of the Surgeon General of the Army, will have as her guests Mrs. Leonard D. Heaton, wife of the Commanding General of the Army Medical Center and Mrs. Henry S. Murphy, President of the Walter Reed Women's Club.

Mrs. Clinton S. Maupin and members of the Bethesda-Chevy Chase Unit are in charge of arrangements.

Officers for the new season include Mesdames Silas B. Hays, honorary president; James P. Cooney, honorary vice-president; Frank D. Thompson, president; John C. Cressler, vice-president; Edwin H. Smith, secretary; Bryan C. Fenton, treasurer.

Farewell To Gillmores—

More than 100 members and guests of the Officers' Wives Club at Ft. Hood, Tex., gathered at a formal luncheon 22 Aug. to honor the departing First Lady of Ft. Hood, Mrs. William N. Gillmore, and the Commanding General of the Garrison and III Corps, Major General Gillmore.

General and Mrs. Gillmore depart Ft. Hood for Athens, where he will be Chief, Joint U. S. Military Advisory Group, Greece.

MRS. OCTAVIO AYMAT explains how she made the model of the Army Finance Center to Mrs. Paul A. Mayo, wife of the Commanding General of Fort Benjamin Harrison, and Mrs. Albert E. R. Howarth, wife of the Deputy Commander. The model was the centerpiece for the refreshment table. Ninety ladies attended a patio coffee party given by the Ladies of the Headquarters and the Finance Center honoring Mrs. Mayo, Mrs. Howarth, and the wives of officers who have been assigned during the summer months. Mrs. Emmett J. Bean, wife of the former Commanding General, was a special guest.

Starving Overseas Schools Cost More Than Congress Gives; Liquor Sales Help

THE Armed Services today must spend much more than the Congressionally imposed \$245 per student limitation for education of dependents overseas—but even with the extra money, much of which comes from liquor profits, they are unable to make ends meet.

If it were not for use of non-appropriated funds and diversion of money from other uses, the \$245 restriction would place the overseas Service schools below 36 of the States in the amount expended for pupil instruction. Stateside, the yearly cost per pupil in average daily attendance is estimated by the National Education Association at \$295. None of these figures include capital outlay costs for buildings or the expenses of special student services.

During the coming school year, appropriations for overseas schools will continue at their present levels, while their Stateside counterparts anticipate greatly increased expenditures. Short of special appropriations during the next Congressional session or a reversion of large-scale emergency financing used during the early days of the school program, no hope is foreseen in lessening the financial gap which exists between Stateside and overseas school allocations.

Department of Defense officials would like to improve the lot of Armed Forces dependents' schools. The Pentagon is treading a narrow path to bring about what improvements are possible under present budget limitations and to set the stage for a legislative drive to revamp the school set-up during the next session of Congress.

TWO MAJOR DEVELOPMENTS affecting overseas schools are expected to take place in the near future as a result of the deliberations of a special Defense Department committee headed by Mr. Edward Sompayrac, DoD Dependent School Coordinator.

In the immediate future, the Defense Department is expected to issue uniform regulations on the use of non-appropriated funds for dependent education and special budget procedures for overseas schools. Far from keeping within the \$245 per pupil limit, the new policy is expected to provide a bigger operating budget for the schools by assigning budget responsibility for some expenditures to other Armed Forces funds. To this end the regulations are expected to remove teacher transportation and quarters allowances from accountability under the \$245 limit. The money will still be spent—but by other Armed Forces accounts.

Teachers may also get a break under new, non-implemented authorizations which should entitle them to quarters allowances during vacation periods. Under present regulations, teachers are paid neither salary nor

quarters allowances for vacation periods unless they have accrued leave or can be put to work at another job. So far, "economy fever" has made Defense officials hesitant to put the new authorization—which would be a disguised pay raise—into effect.

But the major ills of the overseas schools will have to wait until the next session of Congress. It is then that the Defense Department hopes to present legislative proposals to pay all teachers on a yearly basis, comparable to policies now prevalent in the U. S. Although hired at a GS-7 starting salary of \$4,500 per year, the average teacher now receives only about \$3,800 for the time actually spent teaching or travelling to and from a teaching post. The proposals aim at giving the teachers the full \$4,500 on a school-year basis. Serious consideration is also being given the establishment of higher entrance salaries for teachers possessing a master's degree.

CONTRARY TO RECOMMENDATIONS OF the Overseas Teachers Association, however, the Department of Defense has no plans to establish a career program for overseas teachers. Current belief in the Department is that the high teacher turnover brings a "fresh point of view" to overseas schools and keeps the schools abreast of current trends in the States.

On the cost of overseas education, Defense Department officials report that the \$245 per pupil limit covers only part of the program cost. It is applied only to the surface costs of running the schools, such as teachers' salaries, some textbooks and the day-to-day expenses of the instructional operation. It does not cover capital outlay expenses of school construction and equipment and does not provide transportation of children, maintenance and many routine services.

How much does the program really cost?—Conservative estimates based on Stateside figures indicate that building costs, transportation of children and other normal services run at least between \$85 and \$100 per pupil per year. Thus the amount actually spent for the education of each child would be nearly \$345.

Overseas Commands must bear the burden of all these expenses over and above the amount Congress has appropriated. When the Army school program began in Europe in 1946 this amounted to the entire expense of the program. Everything from school buildings to scratch paper was financed through liquor profits and other non-appropriated funds. The situation has improved over the last 10 years, but even now, overseas commands carry a heavy financial load.

At the present time, liquor profits still pay the salaries of some teachers in dependents' schools.

Reception at Walter Reed—

The Officers' Club at Walter Reed Army Medical Center was the scene on the evening of 23 Aug. of the traditional Command Reception. Sponsored by the Club, the event welcomed newly-assigned residents, interns and other staff members who have arrived at the Center since the end of last year.

Heading the receiving line were the Commanding General of Walter Reed AMC, Maj. Gen. and Mrs. Leonard D. Heaton. Also receiving with their wives were Brig. Gen. James H. Forsee, Chief of the hospital's Professional Services; Col. Thomas J. Hartford, Deputy Commander of the Center; Col. Richard P. Mason, Director of the Walter Reed Army Institute of Research; Col. Thomas A. McFall, Acting Director of the Center's Dental Activities; with Capt. William M. Silliphant, Director of the Armed Forces Institute of Pathology, also in the line.

Officers in charge of arranging for es-

corts for the new officers were Col. Dale L. Thompson, Col. John H. Voegtly, Lt. Col. Richard R. Freeman, and Maj. Paul A. La Pointe.

Transportation Women's Club Meets—

New members of the Transportation Corps Women's Club will be welcomed at a tea given by the Executive Board at the Ft. Myer quarters (23A) of Mrs. Paul F. Yount, wife of the Chief of Transportation, on Wednesday, 11 Sept., between the hours of three and five. Wives of all Transportation officers, both active and retired, in the Washington area are invited to attend.

USMA '43 Wives Coffee—

Wives of West Point graduates of June 1943 will have a coffee at 1000 on Wednesday 11 Sept. at the home of Mrs. O. B. Bucher, 707 Wallace Dr., Falls Church, Va. Call JE 4-1529 for reservations.

SANDIA BASE WOMAN'S CLUB recently honored Mrs. Frank O'Beirne (center), wife of RAdm. O'Beirne, USN, and Mrs. William F. Ryan (right), wife of Brig. Gen. Ryan, USA, who will leave soon. They are seen here with Mrs. Paul T. Freuss, the Club's president, and wife of Brig. General Freuss, USAF.

Burkes Move to Levittown—

Lt. Col. and Mrs. Allen T. Burke have left Richmond, Va., for 14 Jewel Lane, Levittown, Pa., upon the assignment of Colonel Burke to the US Army Signal Supply Agency in Philadelphia. Prior to his departure from the Richmond Military Subsistence Market Center, where he had served since 1953, he was awarded a Certification of Achievement by Maj. Gen. H. R. McKenzie, Executive Director for the Military Subsistence Supply Agency with Headquarters in Chicago.

Ordnance Ladies Resume—

Coffee Time on Wednesday 11 Sept. will initiate the social season of the Army Ordnance Ladies' Association. On hand at the Army-Navy Country Club to greet newcomers and say hello to previous members will be Mrs. Emerson L. Cummings, wife of the Chief of Ord., and Mrs. John A. Ulrich, club president. Arrangements for the informal gathering are in charge of Mrs. Francis Livermore, hospitality chairman. Assisting her on the committee are Mesdames A. Mark Smith, Samuel Hall, William A. Foster, Harry A. Snyder, Robert S. Nicolls, Edward W. Smith and Ramon T. George.

Service Folk

Accepted for enrollment this fall at the Martha Washington College of the University of Virginia are **MISS NANCY JEAN HANKS**, daughter of **LT. COL. and MRS. LESTER HANKS** of Arlington, Va.; **MISS PATRICIA SHARON PETERS**, daughter of **COL. and MRS. ROBERT E. PETERS**, also of Arlington, and **MISS JO ANNE JOHNSON**, daughter of **COL. and MRS. WILLIAM H. JOHNSON, JR.**, of Missouri.

JAMES LOYD CURD, 15-year-old son of **MAJ. and MRS. JAMES L. CURD, SR.**, of 207 Gilbert Ave., Mather AFB, Calif., has entered Culver Military Academy under the National Civil Air Patrol Scholarship, a \$4,500 grant which he received as the winner in a nationwide competition this summer between CAP cadets. Donating the scholarship was **COL. D. HAROLD BIRD**, vice chairman of CAP's National Executive Board. **CADET CURD** is also the holder of a scholarship trophy by the Lions Club of Folsom, Calif.

Col. Radsch At Huachuca

Col. Rex W. Radsch has been assigned as G-3, succeeding Lt. Col. William M. Coeyman, who becomes Deputy G-3 at the Ft. Huachuca, Ariz., Electronic Proving Ground.

Colonel Radsch comes from Chicago where he was on duty with the U. S. Signal Corps Intelligence Agency.

AF Musical Tour

The Air Force Drum and Bugle Corps left Washington, D. C., 4 September for a concert tour of Europe which will take them to England, Scotland, France, Germany, Turkey, and Greece.

The tour will last for four weeks.

Service Weddings and Engagements

WALLER-YOUNG — Mr. Philip S. Young and Mrs. Mayme L. Young of Wellsboro, Pa., announce the engagement of their daughter, Lillian Jean, to Lt. Benjamin Edward Waller, 3d, US-AF, son of Mrs. B. E. Waller, jr., of Franklin, Tenn., and the late Mr. Waller.

Miss Young, a former student at the Mansfield Teachers College, Pa., is attending the Rochester Business Institute, N. Y. Lieutenant Waller, a 1957 graduate of the U. S. Military Academy, is presently stationed at Bartow AB, Fla.

An October wedding is planned.

Miss Young

GRIMES-ALEXANDER — Rear Adm. (USN-Ret.) and Mrs. Ralph C. Alexander, of Washington, D. C., and Jamestown, R. I., announce the engagement of their daughter, Katherine Hamlin, to Paul J. Grimes, jr., son of Mr. and Mrs. P. J. Grimes, of Providence and Jamestown, R. I.

Miss Alexander is a graduate of the Madeira School, near Washington, D. C., attended Middlebury College and was graduated from George Washington University. She is now a member of the faculty of the Madeira School. Mr. Grimes is a graduate of the Moses Brown School and attended Brown University.

ADAMS-BOCK — Miss Margaret Ruth Bock, daughter of Lt. Col. (USA-Ret.) and Mrs. Frank L. Bock of 1634 22d St., Ogden, Utah,

Photo by V. Bosch
Mrs. Adams

brother's best man.

Mrs. Adams attended schools in Honolulu, T. H., and Nagoya, Japan, and is a graduate of the University of Utah. The bridegroom, who served two years with the Army in Germany, is now a student at the University of Utah, Salt Lake City, where the couple will make their home.

At a reception following the ceremony, some 300 guests greeted the bride and bridegroom, who with their parents and wedding party, stood beneath an archway of orchid sprays flanked on either side by baskets of anthurium and glad-

ioli, the flowers having been flown from Honolulu by the aunt and uncle of the bride, Dr. and Mrs. Lyle Bachman.

DALY-MULLANEY — Mr. and Mrs. Joseph M. Mullane have announced the engagement of their daughter, Ellen E., to Lt. Robert Hart Daly, jr., USAF, son of Mr. and Mrs. Daly, sr.

The bride-to-be attended the College of St. Elizabeth, Convent Station, N. J., and the Katharine Gibbs School in Boston. Her fiancé is a alumnus of Dartmouth College.

A Fall wedding is planned.

BURNS-TAYLOR — Our Lady of Lourdes Church, Louisville, Ky., on 10 August was the scene of the marriage of Miss Sue O'Lynn Taylor, daughter of Lt. Col. and Mrs. Glenn R. Taylor, of Ft. Belvoir, Va., to Lt. Joseph C. Burns, son of Mr. and Mrs. William M. Burns, of Alliance, Ohio.

Miss Carole Stuecker of Louisville was the maid of honor, and the bridesmaids were Misses Karen Jacob, Grosse Pointe, Mich., Ellen Johnston, Washington, D. C., and Dorothy Wilson, Jeffersonville, Ind.

The best man was Mr. Robert Burns, brother of the groom, and the ushers were Messrs. W. Michael and Farnk X. Burns, also brothers of the groom, and Mr. Glenn Roy Taylor, jr., brother of the bride.

Following their wedding trip to the Pocono Mountains in Pennsylvania, the young couple will live at Ft. Ord, Calif., where Lieutenant Burns is stationed with the 33d Transportation Company.

MCALLISTER-BARBOUR — The marriage of Miss Artha Linda Barbour, daughter of Mr. and Mrs. Richmond Barbour of La Mesa, Calif., to Ens. William Middleton McAllister, son of the Hon. William McAllister, Justice of Oregon's State Supreme Court, and Mrs. McAllister, of Salem, Oregon, took place on 23 Aug. at the First Presbyterian Church in San Diego. The bride's grandfather, Rev. Orno E. Tyler performed the ceremony.

Miss Ellen Barbour, the bride's sister, was maid of honor, and bridesmaids were the Misses Mary Barbour, Susan Sellman, Carol Donohue and Carole Fuller. Serving as best man was Mr. Jack Landau. Ushers were Lts. (jg) Marc Twinney, and Martin Corcoran and Ens. Bradley Stark.

Mrs. McAllister is a student at San Diego State College and a member of Pi Beta Phi Sorority. Ensign McAllister is a graduate of Harvard University.

After a wedding trip on the Pacific Coast, the young couple will make their home in San Diego.

Weddings and Engagements

From preceding page—

WILLIAMS-HUFF—Lt. Col. and Mrs. Emmett O. Huff, of Ft. Meade, Md., announce the marriage on 24 Aug. of their daughter Miss Marjorie Bernetta Huff, to Lt. Robert M. Williams, son of Mr. and Mrs. C. Madison Williams of Topeka, Kans. The wedding took place at the Ft. Meade Post Chapel, with Col. Robert S. Hall, ChC, officiating.

Photo by Harris and Ewing
Mrs. Williams

The bride was given in marriage by her father, Mrs. Keith Himebaugh, of Baltimore, Md., was matron of honor. Serving as best man was Lt. James Tow, and ushers were Lieutenants Gwin Teague, John Allen, Charles Mercier, Robert Michel and Barry Henderson.

The bride was graduated from the Thomas Roberts School in Berlin, Germany, Stephen College, Columbia, Mo., and Syracuse University, Syracuse, N. Y. She has been teaching for the past two years at Meade Heights Elementary School at Ft. Meade.

Lieutenant Williams entered the Army in February 1953 after attending Kansas State College at Manhattan, Kans., and Washburn University in Topeka. He is on duty with aviation operations of the 35th Anti-aircraft Brigade at Ft. Meade. After a motor trip through the New England states and Canada, the young couple will reside in Meade Heights.

ZIMMERMAN-JACKSON—The First Presbyterian Church of Aurora, Colo., was the scene on 24 Aug. of the marriage of Mrs. Carl E. Jackson, daughter of Mr. and Mrs. Charles A. Ward, of Cincinnati, Ohio, to Lt. Col. Douglas A. Zimmerman, USA, MC, son of Mrs. Allen Zimmerman of Mt. Sterling, Ill., and Denver. The Rev. C. V. R. DeJong performed the ceremony.

Mrs. Zimmerman

Given in marriage by her father, the bride chose as her matron of honor, Mrs. James A. Wier, of the Fitzsimons Army Hospital, Mr. Bruce Zimmerman was his brother's best man and ushers were Mr. Gary Zimmerman, another brother, Col. James A. Wier, Lt. Col. Richard B. Taylor, and Capt. Hallard W. Beard, all of Fitzsimons Hospital.

The bride is a graduate of Western Hills High School, Cincinnati, Ohio, and Colonel Zimmerman is a graduate of the University of Ill. He completed his internship at Methodist Hospital, Indianapolis, and practiced for a short time in Beardstown, Ill., before joining the Regular Army. At present, he is a resident in internal medicine at Fitzsimons. He is a member of Phi Beta Pi and the A.M.A.

After a wedding trip in the Grand Tetons and Yellowstone National Park, the newlyweds will make their home at 1015 Kenton, Aurora, Colo.

THOMAS-GOODRIDGE—Mr. and Mrs. Edwin Tyson Goodridge of Princeton, N. J., have announced the engagement of their daughter, Mary Tyson, to Ens. John Hardy Thomas, USN, son of Mrs. William Stephenson Thomas of Roanoke, Va.

Miss Goodridge was graduated from Miss Hall's School, Pittsfield, Mass., and attended Hollins College. Her fiancé is a graduate of the University of Virginia and attended the University of Strassbourg, France, as Fulbright scholar. A member of Phi Beta Kappa, Lieutenant Thomas is currently serving aboard the USS Canberra.

DEHNE-BARLOW—Lt. Col. and Mrs. Edward J. Dehne of the Army Chemical Center, Md., have recently returned from a trip to England, where their eldest son, 1st Lt. Donald L. Dehne, was married, on 3 Aug., to Miss Lucy Barlow, daughter of Maj. (Ret.) and Mrs. J. W. Barlow of Halstead, Essex, England, at St. Francis of Assisi Church, Halstead.

The bride, who was given in marriage by her father, chose her sister, Mrs. D. Millhouse, as her matron of honor, and Miss J. Carter as her other attendant. Mr. Frank Peskey served as best man for the bridegroom.

HINCE-LESTOURGEON—Miss Cecelia Anne LeSturgeon, daughter of Col. (USA, Ret) and Mrs. Percy E. LeSturgeon, of Media, Pa., and Lexington, Ky., and niece of the late United States Senator from Kentucky, Virgil M. Chapman, was married to Mr. Joseph F. Hince, son of Mr. and Mrs. Charles F. Hince, sr., on 24 August in the Presbyterian Church, Wallingford, Pa. The Reverend John B. Rowland performed the double ring ceremony.

Photo by F. F. Zimmerman
Mrs. Hince

Given in marriage by her father, the bride chose Miss Frances E. Adams of Ringold, Pa., as maid of honor. Miss Ruth Anne Sturges, of Media and Mount Holyoke, Mass., was bridesmaid. Mr. Henry J. Hobbs, jr., of Washington, D. C., was best man, and ushers were Mr. John Thomson, Mr. William C. Dunning and Ens. Frederick Chapman LeSturgeon, brother of the bride.

Mr. and Mrs. Hince are June graduates of the George Washington University, Washington, D. C. Mrs. Hince, a member of Pi Beta Phi Sorority was the 1956 Homecoming Queen. Mr. Hince, a member of Pi Kappa Alpha fraternity, was the 1956-57 President of the Student Council. The couple will reside in West Orange, N. J.

LINAWEAVER-WHITLOCK—Mrs. Donald B. Whitlock of Rochester and Warsaw, N. Y., has announced the engagement of her daughter, Lydia Ann, to Dr. Walter E. Linaweaver, jr., son of Rear Adm. (USN, Ret.) and Mrs. W. E. Linaweaver of La Mesa, Calif.

Miss Whitlock was graduated from the Baldwin School in Bryn Mawr, Pa., and from Cornell University where she was a member of the Pi Peta Phi sorority.

Dr. Linaweaver, a native of California, attended Pomona College then went on to receive his medical degree from the University of Rochester. He served his internship at Strong Memorial Hospital and is presently a resident in pediatrics at the University of California at Los Angeles Medical Center.

The wedding will take place in the Brick Presbyterian Church, Rochester, New York on 5 Oct., and Mrs. Linaweaver will fly East to attend her son's wedding.

MRS. ANDREW P. O'MEARA, right, wife of the new commander of the 4th Armored Division, shown with Mrs. James L. Ashworth, wife of Capt. Ashworth, 67th Armor, at a tea given at Ft. Hood by ladies of Combat Command B.

SCHICK-HESTON—Mr. and Mrs. Herbert N. Heston of Frederick, Md., have announced the engagement of their daughter, Patricia S., to Midshipman Bruce J. Schick, USNA, son of Mr. and Mrs. George P. Schick, also of Frederick. Miss Heston is a student at Hood College.

THOMAS-THOMPSON—Lt. Col. and Mrs. Francis G. Thompson, jr., of Arlington, Va., announce the marriage of their daughter, Sandraice Ellen Thompson, to the Reverend Hampton H. Thomas, jr., son of Mr. and Mrs. Hampton H. Thomas, of Milwaukee, Wis. The wedding took place at the Grace Episcopal Church in Alexandria, Va., on 3 Aug., with the Reverend Edward L. Morrow officiating. The bride, given in marriage by her father, chose her sister, Miss Lucia Diller, of Indianapolis, Ind., as maid of honor, and her sister-in-law Mrs. Albert C. Thompson, of Arlington as matron of honor. Bridesmaids were the misses Valery Thornton, Peggy Stubbs and the groom's niece, Anne Christy, and Mrs. Charles Webster.

Serving as best man was Mr. William Ewald of Little Rock, Ark. Ushers were the bride's two brothers, Lt. Albert G. Thompson and Mr. Francis G. Thompson, 3d; the Reverend Luther Parker and the Reverend Spencer Quick.

The bride is a senior at George Washington University, Washington, D. C., where she is president of the Kappa Gamma Chapter of Kappa Alpha Theta Sorority. The groom is Associate Rector of Grace Episcopal Church. He attended Brown University and the Virginia Theological Seminary.

Following a wedding trip to Florida and Milwaukee, Wis., the couple will make their home in Alexandria.

PLANK-STOLL—The Post Chapel, Ft. Carson, Colo., was the scene on 17 Aug., for the wedding of Miss Suzanne Louise Stoll, daughter of Lt. Col. and Mrs. Fred H. Stoll, 1906 Hercules Dr., Colorado Springs, Colo., to Lt. Robert Victor Plank, USAF, son of Mr. and Mrs. Rex Plank, of Beatrice, Nebraska. Maj. William P. Barrett, ChC, officiated at the ceremony.

Photo by Knutson-Bowers
Mrs. Plank

Given in marriage by her father, the bride chose as her maid of honor, Miss Peggy Trechter, and as bridesmaids, Miss Janet Peck and Miss Carolyn Storke. Lt. George R. Horner served as best man. Ushers were Lts. Wesley C. Baker, John Pritchford and Richard Magill, and saber bearers were Capt. Robert Given and Lts. Jack Ball and John P. Schwenk.

The bride attended the University of Nebraska and is a member of Alpha Phi sorority. Lieutenant Plank was graduated from the United States Naval Academy. He is presently stationed at Chanute Air Force Base, Ill.

After a wedding trip in the East, the newlyweds will make their home in Dayton, Ohio. Lieutenant Plank will attend the USAF University of Technology at Wright-Patterson Air Force Base.

KENDALL-McILHANY—The Reverend Dr. and Mrs. Bernard Ashby McIlhany of Atlanta, Ga., have announced the engagement of their daughter, Martha Dyess, to Mr. Frank Appleton Kendall, son of Col. (USAR-Ret.) and Mrs. Milton Kendall of Williston Park, L. I., N. Y.

The future bride is a graduate of Wellesley College, where she is an assistant on the Board of Admissions. Her fiancé, a graduate cum laude of Wesleyan University, was graduated in June from the Harvard Graduate School of Business Administration. He served as a 2d lieutenant with the Army in Japan and is now associated with the International Milling Co., in New York.

OTTO-BURNSIDE—In a double ring ceremony performed by Chaplain Albert F. Grothe, at the Base Chapel, Wright-Patterson AFB, Ohio, on the afternoon of 31 Aug., Miss Mary Elizabeth Burnside became the bride of Mr. George J. Otto.

Photo by Wallace Martin
Mrs. Otto

The bride is the daughter of Maj. Gen. and Mrs. Merrill Davis Burnside of Wright-Patterson AFB, and the bridegroom is the son of Mr. and Mrs. Benjamin F. Otto of Milwaukee, Wisc. Given in marriage by her father, the bride had as her maid of honor, Miss Lynn Munroe, and as bridesmaids, Misses Suanne Condron and Andrea Milne, with little Miss Patricia Ann Morris, daughter of Col. and Mrs. Robert Morris, as flower girl. Mr. Maurice Buttner of New York City, was best man for Mr. Otto, and ushers included Messrs. Charles D. Burnside, brother of the bride, Kenneth Welch, Edward Nowacki and Lt. John Duddy.

Mrs. Otto attended Mary Washington College of the University of Virginia at Fredericksburg, and her bridegroom, who attended the University of Wisconsin, was graduated from the University of Washington as an Architectural Engineer.

Following a Michigan honeymoon, the couple will make their home at San Antonio, Tex.

LEWIS-HENSON—Dr. and Mrs. Thomas P. Henson of Arlington, Va., have announced the engagement of their daughter, Patricia Ann, to Lt. Franklin J. Lewis, USMC, son of Capt. (USMC-Ret) and Mrs. Joseph H. Lewis, of San Diego.

Miss Henson is a graduate of Radford College and a member of Sigma Sigma Sigma sorority. Lieutenant Lewis attended Boyden Preparatory School in San Diego and in 1956 was graduated from the U. S. Naval Academy. At present he is undergoing flight training at the Naval Air Station, Pensacola, Fla.

The marriage will take place on 7 Sept., and Miss Patricia Ann Lewis will fly East to act as maid of honor at her brother's wedding. Mr. Robert Lewis, who reports in Florida for Naval Air Cadet training, will also be able to attend the ceremony.

KEELER-LAUTZENHEISER—The Post Chapel, Wright-Patterson Air Force Base, Ohio on 6 July was the scene for the marriage of Miss Gail Lautzenheiser, daughter of Capt. (USN, MC) and Mrs. Ross B. Lautzenheiser, and Lt. Harper B. Keeler, USAF, son of Brig. Gen. (USAF) and Mrs. George E. Keeler, jr.

Photo by Andree
Mrs. Keeler

Miss Beth Lyn Lautzenheiser was maid of honor, and Lt. Jerry C. Scott, USA, was best man. Others in the wedding party were the bride's sister, Miss Linda Lautzenheiser, and friends of the bride at Cornell, Miss Diane Malmstrom and Miss Pauline Atwood; Lieutenants William Huckabee, USA, Walter Gordon, USA, Norman Vaughn, USA, Morris McBride, USA, Robert McCoy, USAF, John Shafer, USAF, and the groom's brothers, Lt. George E. Keeler, 3d, and Mr. Emmett Keeler.

Lieutenant and Mrs. Keeler are now in Bartow, Florida, where Lieutenant Keeler is on duty with the 3303d Pilot Training Group.

KUHNS-JOHNSON—Miss Rose Mary Johnson, daughter of Mr. and Mrs. Robert C. Johnson of Brooklyn Park, Md., was married to Mr. James N. Kuhns, son of Mrs. Lloyd A. Kuhns and the late Lt. Colonel Kuhns, at the Post Chapel, Ft. Meade, Md., on 17 Aug., with Chaplain (Col.) Robert S. Hall officiating.

Given in marriage by Mr. Theodore Hoeffler, the bride had her cousin, Mrs. William T. Rees of Towson, Md., as her matron of honor, and Master Carl Abrahamson, son of Lt. Col. and Mrs. Ray

Abrahamson, as ring bearer. Mr. Kurt L. Kuhns served as his brother's best man, while ushering were Messrs. Charles Greer and Henry Adams.

Mrs. Kuhns is secretary to the Post Commander at Ft. Meade. The bridegroom, who is now employed by the National Plastics Company at Odenton, Md., is continuing his studies at the Baltimore Institute.

The couple will make their home at Severn, Md.

Notes from Posts, Stations, and Bases

87TH INFANTRY HELPS BUILD CHURCH

Col. William A. Purdy, commanding the 1st Battle Group, 87th Infantry, at Aschaffenburg, Germany, has presented the pastor of the Protestant church in nearby Schweinheim with a check for 2,200 DM as part of a series of contributions of the soldiers who attend Protestant chapel services in Aschaffenburg.

The donation enables the Schweinheim church to complete its building program which had bogged down for lack of funds after purchasing land for a new church and paying only a small part of the construction costs.

In addition to financial aid, the men of the 1st Battle Group have volunteered to help in the physical labor, once the construction gets under way.

WIVES OF TWO NEWLY-ASSIGNED GENERALS to Griffiss AFB are introduced to members of the Officers Wives Club. From the left are: Mrs. Robert W. Rubin, Mrs. Raymond S. Kurtzman, Mrs. J. Leonard Harless, president of the Wives Club; Mrs. Clyde H. Mitchell, whose husband has been assigned as Commander of Rome Air Force Depot; Mrs. Donald P. Graul, wife of General Graul, Commander of Rome Air Development Center; and Mrs. Edward F. Stoddard.

They Are Elected

■ FT. BENJAMIN HARRISON, IND.—Mrs. Theodore Riggs, wife of the Commanding General of the Indiana Military District, has accepted the honorary Chairmanship of the Fort's Thrift Shop. Operated by the Ft. Harrison Officers Wives Club, the Shop is managed by Mrs. Richard Pendleton. Mrs. Roscoe Steczynski is in charge of the workers with Mesdames Frederick Reese, William L. Clarkin and Thomas Eveland as her team captains. Mrs. George F. Biles is Treasurer.

Honorary Chairman of the Post Nursery is Mrs. Paul Mayo, wife of the Fort Commanding General. The nursery will reopen soon after a complete renovation.

Members of the Nursery committee are: Mrs. Harry Lee Jones, Jr., Chairman and Mesdames Robert Reese, John Van Winkle and Elmer B. Scovill.

■ CARLISLE BARRACKS, PA.—Col. James R. Winn, Army War College Faculty Member, was elected president of the Carlisle Barracks Officers Open Mess for 1957-58.

Col. Hal Hardenbergh, Secretary of the College, was elected Vice-President and Lt. Col. Frank J. Stanek, club officer, will continue as Secretary-Treasurer.

Others elected to the board of governors were students: Col. Clarence C. Harvey, Jr., Henry P. Tucker; Lt. Col. Ford E. Pratt and Earl G. Peacock, Fred C. Bott, post executive officer, and Maj. Howard S. Gedeist, post logistics officer.

■ FT. DEVENS, MASS.—New officers of the NCO Wives Club are: Mesdames Paulette Evans, President; Helen Farrah, Vice-President; Bea Grant, Secretary and June Short, Treasurer.

Committee heads for the year will be: Mesdames Helen Fromme, Ann McIntosh, Kitty Gould, Mabel Commo, Fran Ezell, and Dorothy Miller.

■ HEILBRENN, GERMANY—New officers of the 28th Infantry Officers' Wives Club are: Mesdames J. P. Kingston, Chairman; J. R. Franklin, Co-Chairman; P. N. Delavan, Secretary; and D. T. Teberg, Treasurer.

■ FT. RUCKER, ALA.—New officers, to serve for a period of six months, were elected recently by members of the Officers' Wives Club which sponsors the Thrift Shop. The new officers include Mrs. Bogardus S. Cairns, honorary president; Mrs. A. M. Carter, chairman; Mrs. G. L. McElmurray, manager; Mrs. V. B. Shemwell, assistant

manager; Mrs. Hilda Salance, treasurer; Mrs. T. Finley, auditor; Mrs. S. F. Baye, policy and procedures; Mrs. J. S. Ringer, personnel; Mrs. R. W. Humphries, president of the Officers' Wives Club; Mrs. J. W. Ruby, publicity; Mrs. C. C. Waltz, supply; and Mrs. E. C. Willecke, secretary. All officers are volunteer workers, other than the treasurer who is a salaried officer.

Profits from the Thrift Shop, which average \$175 each month, are used for youth activities at Ft. Rucker and such other worthy activities as the kindergarten and nursery. The nursery recently received a donation of \$1,300 from the Thrift Shop.

The committee has voted to assist in the purchase of equipment for the kindergarten which is being established on post. An offer has also been made to donate \$1,000 toward building a skating rink to further youth activities on the post. The feasibility of building the rink is being considered by the Youth Activities committee.

Navy Wife Is Chairman For Conference Group

■ NAPLES, ITALY.—A former Philadelphia fashion model has been named as the area chairman for Italy to the 19th Conference of American Women's Activities in Europe to be held in Berchtesgaden, Germany, 7-10 Oct.

Mrs. Dori Davi, wife of Lt. Jerome A. Davi, USN, will represent 17 American wives groups at military and diplomatic facilities throughout Italy. Mrs. Davi, the daughter of Mr. and Mrs. William A. Lynch of Collingdale, Pa., is a graduate of Notre Dame Academy, and modeled for the Oscar Neufeld agency in Philadelphia before her marriage.

Lt. Davi, a 1950 Naval Academy alumnus, served aboard the New London, Conn.-based submarine U.S.S. Irex before reporting to Naples where he is aide to RAdm. Dale Harris, USN, Deputy Commander, Naval Striking and Support Forces Southern Europe.

Mrs. Davi

THRIFT SHOP OFFICERS—Newly elected officers of the Thrift Shop at the Army Aviation Center, Ft. Rucker, Ala. Seated are: Mrs. Bogardus S. Cairns, honorary president; Mrs. A. M. Carter, chairman; Mrs. G. L. McElmurray, manager; Mrs. V. B. Shemwell, assistant manager. Back row, Mrs. Hilda Salance, treasurer; Mrs. T. Finley, auditor; Mrs. S. F. Baye, policy and procedures; Mrs. J. S. Ringer, personnel; Mrs. R. W. Humphries, president of the Fort Rucker Officers' Wives Club; Mrs. J. W. Ruby, publicity; Mrs. C. C. Waltz, supply; the secretary, Mrs. E. C. Willecke was not present when the picture was taken.

Back From Overseas

■ GOVERNORS ISLAND, N. Y.—Lt. Col. John F. Stein, has arrived at First U. S. Army Headquarters to join the Inspector General Section, after a year and a half in Korea with the Korea Military Advisory Group.

His wife is the former Inez Persons of Tacoma, Wash.

■ FT. SAM HOUSTON, TEX.—Lt. Col. Fred M. Kroschel, Jr., has been assigned to Fourth Army headquarters, as an inspector general.

For the past 37 months he served as a member of the Army's Arctic Test Board in Alaska in the research and development of armor equipment.

Colonel Kroschel's wife, Edith, and two sons, Michael, 13, and Max, 9, will join him from Houston.

■ FT. DIX, N. J.—Lt. Col. William E. Bentley has been appointed Acting G-2. He had served as Assistant G-2 for the Army Communications Zone in Europe for two years.

Colonel Bentley resides at 1560 Pennington Rd., Trenton, N. J., with his wife, Marie. They have two children, Patricia, 14, and Philippe, 6.

■ BROOKLYN, N. Y.—Maj. William R. Gaffney has been named Chief, Postal Operations Division at the Brooklyn Army Terminal, it is announced by Col. Robert C. Hanes, Commanding Officer, replacing Lt. Col. Harry Steinberg.

Major Gaffney was the Commanding Officer of the 1st Base Post Office at Inchon, Korea. Married to the former Catherine Dressler of Red Bank, N. J., Major Gaffney has three children, Barry 14, Germain 10 and Donald 10 years of age.

■ CARLISLE BARRACKS, PA.—Maj. Robert G. Wiebusch has assumed the position of Transportation Officer here after duty in Korea as Transportation Officer for the Seoul Area Command. He, his wife Eunice and their two children, Patricia, 13; and Michael, 11, live at Quarters 113 A on the Post.

■ FT. CARSON, COLO.—Lt. Col. Edward A. Gelt has assumed command of the 21st Engineer Battalion, replacing Lt. Col. Frederick R. Lamutt, assigned to Germany. Colonel Gelt comes from U. S. Army Element Headquarters, Allied Forces, Central Europe.

Living at 1531 N. Foote Ave., Colorado Springs, are Colonel and Mrs. Gelt and their three children—John, Evelyn and Edward, Jr.

WALLER—Killed in an automobile accident on 20 Jan, Capt Walton V Waller, son of Mr O E Waller, of Cumberland, Ohio.

Obituaries

Capt. James E. Dyer, USN-Ret

Capt. James Edward Dyer, USN-Ret, who commanded the Atlantic Wing of the Navy's Air Transportation Service during World War II, died on 25 Aug in the Oakland, Calif. Naval Hospital after a long illness. He was 62. Burial was at the Golden Gate National Cemetery in San Francisco.

Captain Dyer, a native of Maine, enlisted in the Navy in 1917 and was commissioned

an ensign in 1918. He served one year in lighter than air aircraft in France during World War I and, shortly afterward, completed his training as a Naval pilot at Pensacola, Fla.

He served as squadron commander at Coco Solo, Panama, and as flight instructor in San Diego. In 1928 President Calvin Coolidge awarded him the Schiff Trophy for his safety record as a flight instructor. He also served on the aircraft carriers, USS Langley, Lexington and Saratoga and on the first plane-carrying battleship, USS Mississippi.

During World War II he was commandant at the Naval station in Kodiak, Alaska, commander of the Naval Air Transportation Service in Oakland and of the NATS Atlantic Wing. He retired in 1947 at Moffett Field, and then made his home in San Francisco. The family home is 243 Vidal Drive.

Surviving are his widow, the former Eva Doyle, a daughter, Ann Carol, a senior at San Diego College for Women; two brothers, George T. Dyer, of Rumford, Me., and Rear Adm. Walter L. Dyer, USN-Ret., of Long Beach, and two sisters, Anna Belle and Margaret M. Dyer, of Rumford.

Col. Benjamin Major Ayars, USA, JAGC

Col. Benjamin Major Ayars, USA, JAGC, died at his home, 3447-B S. Stafford St., Arlington, Va., on 1 Sept. He was 49.

Colonel Ayars was graduated from Washington and Lee University and received his L. L. D. degree from Mercer University, Macon, Ga. In July 1942 he was appointed a 1st lieutenant in the JAGC and had served continuously since that date. From July 1949 to April 1951 he was a member of the Administrative Office and Assistant Executive Officer of TJAG of the Army. Later he served as Executive Officer of the Judge Advocate Section, Hq. USAFFE. At the time of his death he was serving with the Legal Office, Chief of Staff for Logistics, Department of the Army, Washington, D. C.

His decorations include the Legion of Merit. He was also graduated from the regular courses of the Command and General Staff School and the Army War College.

Surviving are his widow, Mrs. Nancy Best Ayars and his daughter, Caroline.

Col. Burton F. Hood, USA-Ret

Funeral services were held in Los Altos, Calif. on 28 Aug for Col. Burton F. Hood, USA-Ret, who died there unexpectedly of a heart condition. Burial was at the Presidio of San Francisco National Cemetery. He was 62.

A native of Huron, S. Dak., he moved to Minnesota, and in 1913 enlisted in the National Guard. He was commissioned in the National Guard in 1917 and participated in the Mexican Border campaign. He served as a captain in France during World War I, and was commissioned in the Regular Army in that grade in 1920. Prior to World War II, he served in the Philippines, Panama and in the United States and was promoted to colonel. In 1940 he was detailed to the Office of the Inspector General. Later tours of duty took him to South America, the South Pacific, Australia and New Guinea.

After the war he served as Inspector General of the Eighth Army in Japan and of the First Army at Governors Island, N. Y. Upon retirement in September 1954, he settled in Los Altos, Calif., and worked for some time at Stanford University.

Colonel Hood is survived by his widow, Mrs. Eunice A. Hood, 236 Sunkist Lane, Los Altos, three daughters, Elaine Hood, of Los Altos, Mrs. John Gilbertson and Mrs. Richard Anderson of White Bear Lake, Minn., and one son Maj. Burton F. Hood, jr., now attending CGSC, Ft. Leavenworth, Kans.

Maj. Robert Kenney, USA-Ret.

Funeral services were held at Greenwood Cemetery, Montgomery, Ala., 30 August for Maj. Robert Kenney, USA-Ret., who died at the USAF Hospital, Maxwell AFB, Ala., 25 Aug. 1957, at the age of 64.

Born 25 August 1893 at Lafayette, Ala., Major Kenney first entered the military service in May 1911, enlisting in the Infantry. In 1920 he was transferred to the Finance Department and served in that Department until retirement 30 June 1941. Major Kenney served in France for two years during World War I and was awarded a Purple Heart. In early 1942 he was recalled and entered on active duty as a Major and served as Finance Officer until returned to retired status in August 1948. He continued to serve the Federal Government in a civil service status until his death.

He is survived by his widow, Mrs. June Henry Kenney, Montgomery, Alabama, one daughter, Mrs. Marilyn Jane Margheim, Pearl Harbor, Hawaii, one son, Ray Denney Kenney, Opelika, Ala., and one grandchild Linda Ray Kenney, Opelika, Ala.

Maj. Schmidt Retires After 15 Years Service

Maj. Virginia M. Schmidt, one of the original members of the WAAC in 1942, has become the first female officer to be given full retirement honors at the Army Air Defense Center, Ft. Bliss, Texas.

Numbering many "firsts" among her experiences in 15 years of military service, Major Schmidt was the first woman ever assigned as Post Adjutant, a post she held at Ft. Benjamin Harrison, Ind., in 1946. She considers her most outstanding achievement 61 days as Acting G-1 of Fifth Army.

Married to a German national, she was accompanied stateside by one of the first German male "war brides." The Schmidts will make their home in Germany.

FlyTaf Bases Get 14 SAC B-47 Commanders

The Strategic Air Command has begun assignment of 14 SAC B-47 commanders to seven Flying Training Air Force bases in an effort to familiarize student pilots with the mission, policies and activities of the Command.

Each of the SAC officers, who have been given positions at the FTAF bases, are volunteers on a three year tour of duty.

FlyTaf bases involved in the new assignment are: Greenville AFB, Miss.; Vance AFB, Okla.; and Bryan, Laredo, Reese and Goodfellow AFB in Texas.

They End Careers

MAJ. GEN. WILLIAM H. MAGLIN, Army Provost Marshal General, retired this month after 39 years service. Prior to his retirement he was presented with the Distinguished Service Medal by General Maxwell D. Taylor at a Pentagon ceremony. His successor is Maj. Gen. Haydon L. Boatner, USA, who has been on duty in Greece.

COL. GEORGE E. BENDER, USMA '27, Special Assistant to the Second Army CofS, retired at Ft. Meade, Md., 29 August.

Col. Barnett Heads District

Col. Frank L. Barnett, USA, has been named Chief of the U. S. Army Military District of Mississippi. He has been Acting Chief since the retirement of Col. Robert H. Naylor on 31 July.

Colonel Barnett makes his home at 957 East Fortification in Jackson with his wife, the former Miss Marie Lucille Barnett of New Orleans.

B/G. Warren AMC Deputy

Brig. Gen. Beverly H. Warren has become Deputy Director of Production for the Air Materiel Command, succeeding Brig. Gen. C. H. Mitchell, who is now commander of AMC's Rome Air Force Depot, Griffiss AFB, N. Y.

General Warren was previously Deputy for Materiel at FEAF Headquarters in Tokyo, Japan.

Navy Plans To "Shoot" Sun From Stratosphere

The Navy plans to take "close-up" pictures of the sun with a new photographic technique.

The first of a series of trial flights of Skyhook balloons carrying an automatic pointing mechanism and telescope-camera equipment was made 22 August. The balloon was launched at New Brighton, Minn., as part of the Office of Naval Research's Project Stratoscope. The balloon soared to a predetermined altitude of 83,000 feet.

In the first test, a dummy telescope-camera was carried aloft. A working model of the automatic pointing control was used to test its functioning in the upper atmosphere. The pointing control is about 12½ feet high and five feet wide. A number of highly sensitive instruments, including photo sensors and mechanical clutches, aim the telescope-camera at the sun.

Navy experts concluded that the first trial-run has proved the feasibility of balloon-carried telescope-cameras operating in the upper atmosphere. Use of the Stratoscope technique will enable Navy scientists to obtain pictures of the sun which will be three times sharper than any made previously from mountain-top observatories, it is said.

In the past, only turbulent eddies about 600 miles or more in diameter could be distinguished on the sun.

Gen. Gilchrist Management Work Cited; Army Defense Command Award Set Up

Maj. Gen. John R. Gilchrist, USAF-Ret., Commander of the Air Force Finance Center, Denver, Colo., from 1951 until last June, has been awarded the Distinguished Service Medal for his significant contribution to Air Force Financial Management.

The nation's highest peacetime award was presented by Lt. Gen. Manuel J. Asensio, Air Force Comptroller, at a Fitzsimons Officers Club dinner ceremony attended by 60 Air Force comptrollers from around the world in Denver for their tenth annual conference on USAF financial subjects.

Among those present were: Governor Stephen L. McNichols; Maj. Gen. M. E. Griffin, MC, USA, Fitzsimons Hospital Commander; Maj. Gen. E. P. Mussett, Lowry AFB Commander; and Brig. Gen. Richard L. Scott, Air Research and Development Command Comptroller.

General Gilchrist is now administrative Vice President of Tidewater Oil Company at San Francisco, Calif.

His daughter, Carole, and her husband, Lt. Kimbrough Bassett of the U. S. Air Force Academy, reside at 7002 East 2d Ave., Denver, Colo.

THE ARMY AIR DEFENSE COMMAND'S 6th Region has established a Regional Commander's Trophy to be awarded to the outstanding battalion in the region, it is announced by Maj. Gen. E. J. McGaw, 6th Region Commander, at Ft. Baker, Calif.

The trophy will be awarded each year to the Nike guided missile or anti-aircraft gun battalion "which has maintained the highest standards of technical, operational and administrative efficiency throughout the fiscal year."

FT. POLK, LA., has received the Fourth Army Re-Enlistment Trophy for the first time since the post was permanently opened in November 1955. The trophy is awarded each month to the Fourth Army post having the highest number to re-enlist.

COL. ADANTE D'AMORE, USAF, Commander of the Chanute AFB, Ill., Hospital has received a commendation ribbon for his work in the establishment of modern and complex medical facilities at Nouasseur Air Depot, French Morocco. The ribbon was presented by Brig. Gen. Andrew J. Kinney, Chanute Commander.

MAJ. JOHN C. CUMMINS, USAF, was awarded the Commendation Ribbon for outstanding contributions to the investigative mission of the Office of Special Investigations. Presentation was made by Brig. Gen. John E. Murray, Director of Special Investigations, in a ceremony at Headquarters USAF.

T/SGT. SALVATORE P. PROVENZA, USAF, was awarded the Commendation Ribbon with Metal Pendant for exceptionally meritorious service as Chief Clerk in the office of Chief of Staff, Military Assistance Advisory Group, Vietnam.

Battle Group Chiefs

COLONEL TALTON W. LONG has assumed command of the 1st Airborne Battle Group, 502d Infantry, 101st Airborne Division at Ft. Campbell, Ky. He succeeds Lt. Col. Edwin H. Patterson, who has become deputy commander of the division's Support Group. Colonel Long came to the 101st Airborne Division from Continental Army Command, where he was chief of the Army Aviation and Airborne Division of the Materiel and Development Section.

NEW COMMANDERS for the 4th Division's 12th and 39th infantry battle groups are announced at Ft. Lewis, Wash.

Taking over the 12th is Col. Robert S. Redfield, who reported from duty with Far East Command headquarters. Lt. Col. Frank W. Keating, his predecessor, will serve as executive officer.

Col. Allen L. Leonard replaced Col. Charles F. Coates as commander of the 39th. Colonel Coates will serve as Deputy 4th Division Brigade Commander before leaving for an assignment in Thailand shortly.

Service Traffic Management

The placement of both military and civilian transportation facilities for all Services under the control of the Secretary of the Army is described in AR 55-350, OPNAV INST 4600.7, AFR 75-96, and NAVMC 1156.

A Military Traffic Management Agency under the DA Chief of Transportation has been established in accordance with the regulation.

USMA Alumni Honor Atomic Pioneer

The West Point Alumni's first Sylvanus Thayer Award will be presented in March to Dr. Ernest O. Lawrence, Physics Professor and Radiation Laboratory Director at the University of California, Berkeley, Calif.

Evolved from a project proposed by the USMA Class of 1931, the award will be given annually to an American citizen whose record of service to his country and accomplishments in the national interest exemplify outstanding devotion to the principles expressed in the West Point motto—"Duty, Honor, Country." It is named for Sylvanus Thayer, Superintendent of the Academy from 1817 to 1833.

Announcement of the award was made by Lt. Gen. Willis D. Crittenger, USA-Ret., President of the Association of Graduates. Selection of Dr. Lawrence was made by a committee consisting of Generals Jacob L. Devers, '09; Omar N. Bradley, '15; Lucius D. Clay, '18; Alfred M. Gruenther, '19; Orval R. Cook, '22.

Dr. Lawrence, a 1939 Nobel Prize winner in physics, was selected in recognition of his outstanding contribution in the development of nuclear physics, its technology, and the application of nuclear and thermo-nuclear principles to national security.

Address Change For Hospital

The Army has changed the mailing address of William Beaumont Army Hospital from Ft. Bliss, Tex., to El Paso.

Retired At El Toro

Eleven Marines, including a Brigadier General, were honored at retirement ceremonies 31 Aug. at the El Toro MCAS, Calif.

Heading the list was Brig. Gen. Wilfrid Stiles, who had served on the Staff of Maj. Gen. Clayton C. Jerome, Commanding General of Aircraft, Fleet Marine Force, Pacific. General Stiles, who had been the G-5 officer, had been the G-5 officer and been promoted from the rank of Colonel earlier in the day.

General Stiles and his family will make their home at 621 Lankspur, Corona del Mar, Calif.

Others who retired included CWO Ellis R. Wright, who completed 30 years service, and MSgts. Christopher R. Hoag, Donald L. Shaw, Jack I. Terrell, Robert S. Bunton, Francis R. Ham, Harvey L. Parsons, Leslie R. Tinkler, Danile Kona and Ray D. George.

Army Assignments

■ **COLORADO SPRINGS, COLO.**—A former commander of Army air defense forces of Pittsburgh and Milwaukee, Col. Raymond A. Janowski, has been appointed G-1 of the Army Air Defense Command. He succeeds Lt. Col. Joseph P. Stabler, who left to attend the Army Command and General Staff College at Ft. Leavenworth, Kan.

■ **FT. HOOD, TEX.**—Col. James F. Delaney, Jr., has been named Deputy Post Commander. He succeeds the late Col. Charles W. Henry.

The new Deputy Post Commander has been at Ft. Hood since October of last year and was G-1 until assignment to his present position.

7 Sept. 1957 (Vol. 95, P. 25)

Army Navy Air Force Journal 25

Two Million Veterans Receive \$167 Million Pay Boost For Service-Connected Ills

MORE than two million disabled veterans will get higher compensation checks for service-connected disabilities, starting with checks to be mailed out at the end of October.

The President has signed Public Law 85-168 authorizing the increased payments. They will amount to about \$167 million during the first year.

Veterans already on the VA compensation rolls need take no action to get the raise. It will be paid automatically.

Special allowances for dependents also are increased for those veterans whose service-connected disability is rated at 50 per cent or more.

Increases in service-connected disabilities are approximately 10 per cent

across the board. Totally disabled veterans rated at 100 per cent will receive boosts from \$181 to \$225 per month, or about 24.3 per cent.

Three statutory rates are unchanged. Two involve the anatomical loss, or loss of use, of one part of the body, and pay \$47 each. The third, for arrested tuberculosis, pays \$67. These rates are payable in addition to the percentage ratings for service-connected disabilities.

Compensation rates paid survivors of veterans whose deaths were service-connected are not affected by the increase. Neither are pensions paid wartime veterans or their widows or children for non-service-connected disability or death.

Haskell Gray Trophy Will Spur 15th AF Spirit

The "Haskell Gray Trophy" for outstanding maintenance achievement has been established by Fifteenth Air Force Headquarters, March AFB, Calif., to increase competitive spirit among the combat-ready wings of its command.

The award will be given every four months, with permanent possession of the trophy going to the wing winning the award three consecutive times. Com-

peting wings will be judged on five items, including ability to plan, schedule and complete maintenance requirements.

Initial presentation of the trophy will take place in January 1958. It is named for the late Staff Sgt. Haskell Gray, a B-47 Crew Chief with the 96th Bombardment Wing, Altus AFB, Okla., who was killed in a crash of his B-47 while returning from overseas.

Specifically looking for energetic and enterprising retired officers, preferably 35 to 50 years old, who would like to be their own "boss" to develop their selected area. No salaries paid but a very generous commission schedule offered. Earning potential limited only by amount of intelligent application to work. Only few weeks of indoctrination required. We give all possible help and guidance and supply needed material. Write full particulars carefully for we shall be very discerning. Box 88, The Journal.

Supplement your pay or retirement pay. Earn \$100-\$500 monthly. Pleasant, dignified work, calling on friends and neighbors. Write Capt. V. L. Buehler, 3443 Chatwin Avenue, Long Beach 8, California.

OFFICE SPACE AVAILABLE

Ideal air conditioned offices for Washington ad agency, PR man, mfg. rep. law firm, accountant, architect or engineer available in our own JOURNAL Bldg. in DuPont Circle Area. 8 offices of about 200' each available in whole or in part. Call or write Mrs. D. C. Brown, ANAF JOURNAL, 1711 Conn. Ave., NW, Washington 9, D. C. Hobart 2-6477.

FOR SALE

FOR THE OFFICER'S BIRTHDAY present him with a set of sterling, 10K gold or gold filled rank and corps insignia—the finest he can wear. Free pamphlet. **L. G. Balfour Company,** Attleboro, Massachusetts.

SWAGGER STICKS

SWAGGER! Rank, name in gold on 24-inch unbreakable black plastic Swagger Stick. \$2.50. Swagger Sticks, 332 Buford, Montgomery, Ala.

NEW FURNITURE

Your best buy in the Washington, D. C., area in better grade new furniture. Save at least 30% or more. Shop them all—but compare our prices before you buy. **BROTHERS FURNITURE COMPANY,** Bailey's Cross Roads, Alexandria, Virginia. Jefferson 2-6900.

INDUSTRY IN DEFENSE

GLOBAL WATERWAYS—For limited or global warfare, a seaplane airlift such as that pictured above would provide new speed and mobility for large-scale movement of troops, military equipment, and supplies, say Martin Company officials. Large jet seaplanes in the 200-ton to 300-ton gross weight category can be built within the present national budget, they contend, to free airlift from the use of fixed, vulnerable runways in combat theaters. Scene shows unloading of troops and tanks on self-propelled lightening rafts. (For full story on seaplane airlift see last week's Journal.)

Builders of Defense

FLIGHT REFUELING, INC., Baltimore, Md., has been awarded a Martin Company contract for design and manufacture of prototype aerial refueling equipment for the Navy's P6M Martin SeaMaster. Using the new equipment, the multi-jet seaplane will be able to receive or transfer nearly 10,000 gallons of fuel during a single operation. Delivery of the first production models of the P6M seaplanes is expected to take place next spring.

MINNEAPOLIS-HONEYWELL has received \$125,000 in orders for fuel measuring systems for the SeaMaster.

SPERRY GYROSCOPE CO. in collaboration with the Air Research and Development Command has produced a "homing beacon" to enable fuel-needy aircraft to pinpoint the exact location of tanker planes from hundreds of miles away. Now in volume production for the Strategic Air Command, the AN/APN-69 beacons have been developed over the past two years under more than \$17 million in Air Force contracts.

SERVOMECHANISMS, INC., has received a \$1,894,000 Hughes Aircraft Company contract for a new Barometric Altitude Controller which can measure aircraft and missile altitude deviations as small as two-and-one-half feet at sea level. Besides its adaptability to both aircraft and missile flight systems, it is also an integral element of automatic landing approach equipment.

COOK ELECTRIC COMPANY of Chicago, will design and construct a missile range instrumentation system for the Navy's Air Test Missile program at Point Mugu, Calif. The \$2,250,000 contract will provide the first completely mobile instrumentation and control system employed on missile test ranges.

DOUGLAS AIRCRAFT COMPANY'S El Segundo, Calif., division has developed a new 47-pound electric bomb hoist for the Navy. Each of the Aero 17A hoists lifts up to 2,500 pounds at a rate of 15 feet per minute.

APPOINTMENTS

BALDWIN-LIMA-HAMILTON CORPORATION'S Electronics and Instrumentation Division has named Richard T. Biedler as division Advertising Manager.

SPERRY GYROSCOPE CO. has appointed Norman L. Winter to be manager of its newly-organized countermeasures group. Prior to coming to Sperry in 1949, Mr. Winter was Executive Director of the Electronics Committee of the Re-

search and Development Board of the Department of Defense. A Colonel in the USAF Reserve, he served for five years during WW II with the Army Signal Corps and Air Force.

AMERICAN MACHINE AND FOUNDRY CO. has appointed Arthur F. Pelster as Vice-President for Aircraft Production Sales of its Leland Electric Company Division. During WWII, Mr. Pelster served as research and development engineer for the Air Force, with the rank of Captain.

WILL TEST ARMY VTOL

Aerodynamic tests will begin this month on scale models of the M2241 Fledgling, a vertical takeoff and landing airplane being developed for the Army by the Fairchild Aircraft Division at Hagerstown, Md.

W. L. Landers, Fairchild vice president and general manager, said construction of the actual test vehicle will begin about 1 Jan. with a completion date in July of 1958.

The Fledgling will use the vectored slip stream principle. It will combine VTOL advantages with high forward cruising speed.

LT. GEN. E. L. CUMMINGS, USA, Chief of Army Ordnance, is shown during a visit to The Martin Company's interim facility in Orlando, Fla. While there, he inspected tactical Lacrosse missile assembly line. On the left is C. E. Showalter, Superintendent of Assembly Department. Martin is building a \$6,000,000 plant on a 6,700 acre site south of Orlando which will offer specialized facilities for research, development and manufacture of newer weapons.

Support Of Aviation Now A Major Mission Of Army TC; Management Methods Told

(The logistic support of Army aircraft has become one of the major missions of the Army Transportation Corps and accounts for a goodly proportion of its people and money each year, Maj. Gen. Paul F. Yount, Chief of Transportation, said at last week's special press briefing. Following is a portion of General Yount's presentation telling how modern management and communication tools are being applied to the problem.)

In establishing the necessary systems to handle the spare parts and maintenance support of Army aircraft, we have endeavored to exploit all of the modern tools of communications and management. Basically, we feel that good supply support for aircraft is primarily based on a rapid interchange of information and a prompt and responsive system.

We endeavor in every way to reduce the actual hardware inventory of parts to an absolute minimum, relying on these rapid communication systems in lieu of expensive distributed spare parts support.

Primarily our operation is centered in our Supply and Maintenance Command in St. Louis. The majority of the requisitions for aviation items are sent to this central location where they are currently being received at an average rate of almost one thousand line items per day.

THE SPARE PARTS themselves are stored in various locations throughout the country, generally at the point nearest their point of manufacture because of our background in trying to exercise maximum transportation economy. St. Louis issues the shipping instructions to the storage point to expedite the shipment to the place at which it is used.

Part of our modernization of this system is reflected in the fact that requisitions for these items are received currently from Europe, shortly from the Far East, and ultimately we expect from all of our consumers, by electrically transmitted machine accounting cards. These cards in time are transferred to another electronic device where the decision as to point of shipment is made and the proper shipping documents prepared.

Our object in this area, which I must be frank to admit we have not yet achieved, is to process the requisition from the time received until the shipment is made in not to exceed 48 hours, which compares with an average of over 30 days which was considered a standard not too long ago.

The fact must be recognized that distinct from the other services with which

you are more familiar, an army has an added problem. Our depots cannot remain indefinitely at an air base or naval base or some other permanent fixed installation, but must travel along behind our moving armies. This being the case, the number of different items stocked in our depots must be held to a minimum. Therefore, approximately half of our requests come for items which are not available in our stock.

These we must meet by procuring from the manufacturers and dealers of these supplies. We are making maximum use of open end contracts with the charge account system in order to expedite the filling of these requirements.

While Army aviation might, to you more familiar with the large aircraft programs of the other Services, appear to be somewhat small, I think it is interesting to realize that we store over 40,000 different items of aircraft supplies and parts in our system today and are required to keep records on and to be able to procure rapidly thousands more.

Our inventory of parts on hand is currently in the order of \$1,000,000 and our annual purchases of individual items other than for replenishment of this inventory runs in the vicinity of eight or nine million dollars.

FROM THE SUPPLY POINT OF VIEW, I think you would be particularly interested in the system which we have set up on a pilot basis down at the Transportation Training Command at Ft. Eustis where our stock records are maintained by a modern bookkeeping machine method which simultaneously transmits information as to stock levels, consumptions, requirements, etc., to St. Louis by means of punched paper tape and thereby eliminating all of the necessary transcriptions and other record-keeping that are traditional Army supply system requirements. We hope when we get the bugs worked out of this system, to apply its equivalent on a more or less worldwide basis removing the necessity for clerical manpower to make routine decisions such as ordering another set of spark plugs when the last set is used off the shelf and similar actions.

Another responsibility of the Transportation Supply and Maintenance Command and of the Transportation Corps is the maintenance of Army aircraft. By decision of the Department of Defense, we were instructed not to construct Government facilities for this maintenance and are therefore relying primarily on the services of commercial contractors for the overhaul of our aircraft, engines and other components. Presently this activity amounts to an annual volume of some twenty or twenty-five million dollars and as our aircraft become larger and more expensive, it is expected that this program will probably reach three times this amount. We already have contracts negotiated with most of the major aircraft maintenance organizations for this work.

Maj. Gen. Yount

Navy Gets Reactor For Medical Research

The Navy's second atomic reactor in the Washington, D. C. area is being installed at the National Naval Medical Center, Bethesda, Md., with target date for its completion 1 October.

The first A-reactor, installed at the Naval Research Laboratory, was dedicated on 15 Jan. 1957 by former Secretary of the Navy Charles S. Thomas.

The new reactor, manufactured by Aerojet General Nuclonics Laboratory, San Ramon, Calif., will be under control of a selected staff of medical officers and scientists at the Hospital. It will be fueled by about 1½ pounds of uranium 235 (630 grams) enclosed in a cylindrical steel container seven feet in diameter and nine feet high.

The cost of the reactor, associated equipment, and building is estimated at \$125,000.

RADM. THOMAS F. COOPER, Commanding Officer, NNMC, said the new reactor will be used to manufacture radioactive isotopes for use in treatment

and diagnosis of diseases; for research studies on the effects of neutron irradiation of small biological specimens; and for instruction of medical officers and Hospital Corps isotope technicians.

The most important use of the reactor, the Admiral said, will be to manufacture "short-life" isotopes which will be tested for potential therapeutic use. In the past, "short-life" isotopes (those having a half life of less than 30 hours) have not been available for study.

Lt. Col. Patty Heads Sqdn.

Lt. Col. Homer E. Patty is the new squadron commander of Plattsburgh AFB's New York 820th ABG, Headquarters Squadron.

Colonel Patty is married to the former Miss Mavis A. Jackson of Geneva, Ala. The couple have two children, Scott 4 and Bruce 1½.

Marine Corps Retires

"U-Bird" After 19 Years

The last Chance Vought "Corsair"—which saw service in WWII and the Korean War—has been retired from the Marine Corps.

The final flight of a Marine "Corsair" was made 26 August, when Col. J. L. Neefus, Commanding Officer, Air Station, Quantico, Va., piloted a "U-Bird" to Norfolk, Va.

The "Corsair," born on Chance Vought drawing boards in 1938 and accepted for Marine Corps service by Colonel Neefus in December 1942, was the last piston-engine fighter built in the United States.

At the time it was introduced into the Marine Corps, it was known as the F4U-1 and was a high altitude fighter without bomb racks or rockets.

With modifications through the years, the "Corsair" evolved into an attack aircraft and was redesignated the AU-1.

Early in its life, the famed "U-Bird" set a speed record of 405 miles-per-hour in level flight carrying full military equipment.

A version of the "Corsair," known as the F4U-7, is being flown by pilots of the French Navy.

Col. Lesh Retires

Col. Newton D. Lesh, a branch chief in Air Materiel Command's Directorate of Procurement and Production for the past five years, retired from the Air Force 31 August with 30 years active and National Guard service.

He has been chief of the Equipment Branch in the Industrial Resources Division.

Colonel and Mrs. Lesh have two sons, one of them 2d Lt. Burton A. Lesh, commissioned USA on graduation from Notre Dame University in June, and now stationed at Ft. Benning, Ga.

They Keep Busy

LT. GEN. LeR. LUTES, USA-Ret., has announced his retirement from the positions of president of the Pacific Tire and Rubber Company, and Vice-President of the Mansfield Tire and Rubber Company. He expects to return to Washington, D. C.

MAJ. GEN. RODNEY SMITH, USA-Ret., has become Vice-President of the International Standard Electric Corporation, an International Telephone and Telegraph subsidiary. He will be in charge of contracts with SHAPE to engineer and install the command communications network extending from Northern Norway to eastern Turkey.

MAJ. GEN. WAYNE C. SMITH, USA-Ret., national commander of the Heroes of '76 addressed the organization's Ft. Benning, Ga., Chapter 26 Aug. General and Mrs. Smith arrived at the post 25 August to attend the graduation of their son, Carl, from the Army Infantry School's Officer Candidate Class.

COL. WILLIAM J. B. CLINE, USA-Ret., former Chief of Food Services for Third Army, is making a tour of Armed Forces installations along the Mississippi River for the Coffee Brewing Institute of America, a non-profit organization. Purpose of the tour is to show just how a good cup of coffee should be made.

LT. COL. JAMES E. CASEY, Deputy G-2 at Fifth Army Headquarters, Chicago, will conclude his military service 31 October, and will enter the teaching field. He recently received a Master's Degree in business administration from the University of Chicago. Colonel and Mrs. Casey reside at 241 McMillan Street, Ventura, Calif.

Army Planning 50% Increase In Pilots And Aircraft; Replace All Planes By 1960

From page 2—

units," he said, "we have many small aviation detachments which are integrated into various artillery, infantry, armored, signal and engineer units. Plans are now underway to organize these into companies also so as to provide aviation support on an area basis to the commander concerned.

"For example, we expect to have soon for each corps a corps aviation company as well as a corps artillery aviation company. Similarly the Army Commander will have an aviation company for his Army support area which will render aviation support to all of the Army troops and the Army headquarters.

"In addition we are planning the organization of medical helicopter ambulance companies which will take over the medical evacuation function from the small scattered detachments which are now charged with this mission."

COL. G. P. SENEFF, of the Office, Chief of Research and Development, reported that R&D is concentrating on three areas for Army Aviation:

1) A short-range program to give the Army conventional type aircraft which will be able to do the job better than those now available.

2) A longer-range program to replace these conventional aircraft with more unconventional types which will better perform basic functions.

3) A new approach in completely unconventional aerial vehicles designed as true replacements for ground vehicles.

"In the first or short-range program," Colonel Seneff said, "we are seeking improved aircraft in both the fixed and rotary wing field. By 1960 or shortly thereafter we hope to replace all of the aircraft that we now have and add some new ones to the family."

In fixed wing types, he said, a large portion of Army aircraft is bound to be small observation planes like the L-19. But they hope to have a replacement for it within the next two or three years. The replacement will have a better payload, a better cruising speed, and a better unprepared short field landing and take-

off capability. For this purpose the Army is waiting for a turbo-shaft engine of about 250 horsepower and weighing less than 100 pounds. A design competition will open in two or three months and they hope to have the engine by 1960.

In helicopters, he said, the Army needs a light observation type at half the weight and half the cost of present models.

THE H-40, BUILT BY BELL AIRCRAFT, will be the first U. S. helicopter designed to use a gas turbine engine, Colonel Seneff said. It will have greatly increased performance capabilities and will be readily adaptable to use in Sky-Cav units both as a fire support helicopter mounting machine guns and rockets and as a troop carrier for battlefield transport. The Army will start getting them in 1958.

Next will be in the three-ton cargo class which, besides its normal cargo carrying function, will provide mobility for missile units to enable them to move freely and easily on the battlefield, he revealed.

Discussing the two types, fixed and rotary wings, Colonel Seneff said:

"IN THE LONGER RANGE PROGRAM, more unconventional approaches are being followed. Recent advances in the state of the art have made it apparent that the Army may, in the future, be able to perform with fixed-wing aircraft many of the tasks for which heretofore it has had to use helicopters. Because the helicopter cannot, for technical reasons, attain the same speed and range as fixed-wing aircraft, it is very much in the Army's interest to replace as many helicopters with airplanes as possible with the additional hope that the cost and complexity of the unconventional fixed-wing aircraft will at least not exceed those of the helicopter.

"Very likely, within the next several years, it will be possible to achieve vertical take-off and landing with airplanes that will also be capable of relatively high speed forward flight. Such aircraft, however, will not completely replace the helicopter. The helicopter has an agility in operations close to the ground and in confined areas which will be very difficult to supplant for many years to come."

7 Sept. 1957 (Vol. 95, P. 27)

Army Navy Air Force Journal 27

VICE ADM. JOHN M. WILL, USN, Commander, Military Sea Transportation Service, chats with his hosts and other members of his party at Pepperrell AFB, St. John's, Nfld. They stopped there on their way north to inspect Army-Navy resupply operations in support of the Air Force. Shown in the picture are, left to right; Admiral Will; RADM. G. Wauchope, USNR, and Maj. Gen. Evan M. Houseman, USA, Commanding General, U. S. Army Transportation Terminal Command, Atlantic, of his party, with hosts Commander Charles W. Smith, USN, Commander, MSTS, St. John's; Col. Hall King, USAF, Pepperrell AFB Commander, and Col. Norman H. Gold, USA, Commanding Officer, Transportation Terminal Command.

Management Award To Maywood Depot

Maywood Air Force Depot, Calif., commanded by Col. LeRoy Hudson, has received the Air Materiel Command's Nelson S. Talbott Award for Management Efficiency for accomplishments during Fiscal Year 1957.

An annual award for the AMC Depot attaining the greatest degree of effectiveness and efficiency, it was presented 29 August at Wright-Patterson AFB, Ohio, by General E. W. Rawlings, AMC Commander.

DOUBLE CHANGE

The Air Force Finance Center at Denver, Colo., now has a new name and a new commander.

Now the Air Force Accounting and Finance Center, its new commander is Col. Edward J. Hopkins, former Director of Accounting at the Air Materiel Command, Dayton, Ohio.

Redesignation of the Center is the result of the transfer of all accounting operations from Washington to Denver.

Marine Corps Grants Extended Tours To 13

Marine Corps Headquarters has extended the active duty tours of two Reserve captains and 11 first lieutenants.

Their names and the lengths of the tours are:

Captain
Blakeslee, Rollin Q, 30 June 59.
Sivertsen, Bruce C, 30 June 59.

1st Lieutenant
Anderson, Robert, Jr., March 58.
Eggleston, Thomas L, 30 Sept. 60.
Morris, Newbold, 30 June 62.
Combs, Ralph G, 30 June 61.
Havill, Reginald W, Jan. 59.
Miller, Robert K, 30 June 62.
Moyle, Jon C, Aug. 58.
Pallal, Michael, 30 June 62.
Engel, Myrl S, Jr., Aug. 59.
Foretich, Leo L, April 58.
Rothwell, Jack D, 30 April 59.

Army Aviation Notes

COL. GILMON A. HUFF, Commander of the Ft. Benning, Ga., Lawson Army Air Field Command, retired 30 Aug., after 23 years service. He and Mrs. Huff will make their home in Abbeville, S. C.

CAMP WOLTERS, Tex., has begun training its first class of 40 qualified fixed-wing aviators in its Aviator Helicopter Course as part of a program to qualify all Army pilots in both fixed and rotary wing aircraft. Senior member of the class, conducted by Southern Airways, is Col. Robert F. Cassidy.

New Congress Faces Big Program On Pay Raise; Other Service Bills

From page 1—
in the next 10 months. Others will follow.

Congress also established new rules for renting substandard quarters at reduced rates, thus providing a \$15 million saving for about 36,000 military families. Details of the implementing instructions for this important legislation will be told in future issues of THE JOURNAL as they are unfolded at the Pentagon.

Service families also benefited from House Armed Services Committee action in giving the green light to expanded post exchange sales (THE JOURNAL, 3 August). Maternity clothing, baby furniture, additional children's clothing, electric blankets, automobile batteries and portable typewriters were added to exchange stocks. Price ranges were boosted for dozens of other items.

Another important measure enacted by the first session of the 85th Congress was the Nurses and Medical Specialists Career Incentive Act. The increased promotion opportunities and new retirement rules established by this new law were told in detail in the 24 August issue.

At the top of the list of approved legislation are the overall Defense Department Appropriations Act, which gives the Services a \$33.7 billion budget for this fiscal year, and the \$1.5 billion military public works program which provides funds for new construction at military and naval bases throughout the world.

The Air Force garnered the largest share, \$15.9 billion, of the appropriations. The Navy and Marine Corps received \$9.8 billion; the Army, \$7.2 billion; interservice activities, \$682 million, and the Office of the Secretary of Defense, \$16 million. Congress also approved for transfer from other funds, \$400 million for Army Personnel and \$190 million for Navy personnel. The President had asked for \$36.1 billion to operate the Defense Department, including \$16.4 billion for the Air Force, \$10.4 billion for the Navy-Marine Corps, and \$8.4 billion for the Army.

Except for the Cordiner pay plan, the most important items to fall by the wayside were proposals to provide a uniform ration allowance for the Services and to allow pay credit for Academy time. Neither of the two plans—programmed to cost about \$25 million each—got to the Capitol.

The ration proposal was delayed by the Bureau of the Budget but may be jarred loose in time for early consideration next year. The Academy pay credit plan, on the other hand, may go out the window. Although it has had strong Pentagon support in the past, it cur-

rently is on conflict with the recommendations of the Cordiner report and will have to be abandoned if the Cordiner recommendations receive the solid backing which is anticipated.

Hopes for new dual-pay legislation, alleviating the restrictions placed on Regular retired officers seeking Government jobs, also were dashed.

However, a group of Congressional staffers worked on the problem during the session and there is a good chance that legislation will be developed for consideration next year. Action by the courts and the Comptroller General exempting all retired Reservists from the dual-pay, dual-employment restrictions, could prompt the Defense Department to initiate legislation giving Regulars the same break.

Another difficult area which the Congress is expected to inquire into more fully is that of current disenrollment laws. This subject, although it affects only a small number of individuals, looms large in the eyes of military families because it affects the basic principle on which retired pay is founded. The Kilday House Armed Services Subcommittee explored the subject only briefly this year, but will make a more detailed inquiry next session.

The Armed Forces also will be watching carefully to see what new developments take place with regard to the obligated service of Academy graduates. The Air Force decision, later adopted by the Navy, to require pilots to complete at least five years' service after training, touched off a wave of criticism in the Congress. Members said it is not fair to require five years' service from young men who pay their own way through college, while requiring Government-educated graduates of the Service Academies to fulfill shorter commitments. In the closing days of the Congress, legislation was introduced by Representative H. R. Gross (R-Iowa) to require 10 years' obligated service for Academy graduates.

A second Academy problem which was not solved by the Congress this session was the Defense Department proposal to increase the number of Service sons the President can appoint to the U. S. Military and Air Force Academies.

After a House Armed Services Subcommittee had reached a compromise on the proposal, the full Committee decided to defer any further action on the legislation. Prospects are now uncertain.

Two pay plans which never got to the Capitol would have provided additional incentive compensation for Servicemen assigned to remote or isolated

locations, and payments of mustering-out pay at time of discharge for purposes of reenlistment. The first of these could be scrapped as a result of the broader Cordiner Committee recommendations, but there is a possibility the second will continue to be processed and sent to the Congress next year.

Another pay proposal which arrived late on Capitol Hill prevents 3- and 4-star officers from losing pay when they are transferred from one 3- or 4-star billet to another. This proposal was introduced in the House but no further action was taken. The Pentagon, no doubt, will press for hearings on the plan soon after Congress reconvenes.

Numerous House-passed bills got jammed in the Senate. Among these were measures repealing professional examinations for the promotion of medical, dental and veterinary officers of the Army and Air Force; establishing a peacetime limitation of five lieutenant generals for the Marine Corps; and providing two-star rank for the Deputy Judge Advocate General of the Navy.

A Senate-passed measure authorizing WAAC service credit went to the House too late for action this session. The proposal, worth about \$56,000, grants credit for WAAC service to anyone who subsequently performs active military service in the Armed Forces, as active service in WW II.

Three important Navy bills were pending as the Congress went home. These cover "hump" problems, LDO ap-

pointments and the reassignment of restricted officers. Only the "hump" bill which involves mass retirements of passed-over officers, was heard in subcommittee, but no action was taken on the measure.

A Pentagon proposal to provide a uniform allowance for Regular enlisted men who make warrant officer was introduced in February but no further action was scheduled. The plan suggests a uniform allowance equivalent to that provided for Reserve officers (\$300). It would be retroactive to 1953 and would cost about \$461,000.

Another Pentagon proposal which didn't get to the Capitol, reportedly has been ditched. It would have provided an officer training program for nurses, with the Armed Forces footing the bill and giving the ladies commissions upon completion of their training. The plan failed to win the backing of the Services' senior medical officers, and is not likely to appear in the new legislative package next year.

In other action, the Congress:

- Extended the present suspension on Armed Forces personnel strength, thus permitting the Services to maintain a larger force than the two million-man ceiling established by the UMT Act. The extension expires on 1 July 1959.
 - Set up new rules for the induction of physicians and dentists.
 - Changed the Missing Persons Act and made it permanent law.
 - Approved incentive pay for human test subjects in thermal heat experiments.
 - Established an interim system for appointment of Air Force cadets.
 - Granted an additional \$80 million for the construction of Reserve facilities.
 - Forgave 1,500 female members of the Air Force payments of almost \$500,000 which they had received through error.
 - Approved additional funds for construction at the United States Air Force Academy, including the controversial chapel.
- Many other minor bills also were acted upon, but a large number are in the hold-over bins at the Capitol, tied up at the Budget, still pending transmission from the Pentagon or not yet drafted. With pay, the uniform ration allowance, Navy "hump" legislation, disenrollment problems, dual pay questions, and obligated service still in the mill, the second session of the 85th Congress promises to be a lively one for the Armed Forces.

STRENGTH DECISION

The next session of Congress can be expected to give detailed consideration to Pentagon manpower plans.

Secretary of Defense Charles E. Wilson has indicated that personnel strength may be dropped to 2,500,000 men, from the 31 December goal of about 2,700,000.

Chairman Carl Vinson (D-Ga.) of the House Armed Services Committee has indicated that he does not think Army strength should fall below the revised target of 950,000. Mr. Vinson and others on Capitol Hill will strive to check any further cuts in Service strength, unless they can be assured that national security will not suffer.

The forthcoming session of Congress undoubtedly will see questions raised as to why the Pentagon is cutting personnel below strengths authorized by Congress.

Military Strength Up But It Will Drop

The Armed Forces increased 13,730 officers and men during July, bringing the total strength to 2,795,798.

More than half of the total increase was in the Navy, which gained 7,886.

The Army strength jumped 3,274 and the Air Force 2,005. The Marine Corps gained 565.

The increases were made known as the Services were striving to slash strength by 100,000 before 31 December.

The increase in July resulted in large part from the seasonal input of high school and college graduates.

At the beginning of August, the Army had a total strength of 1,001,268, compared with its new target of 950,000.

The Navy strength was 684,994, compared with a goal of 660,000.

The Air Force at the start of August had 921,840. Its 31 December target is 900,000.

The Marine Corps began August with 201,426, which is well above its new goal of 190,000 by 31 December.

It is apparent that the Services must move quickly to reduce manpower in order to stay within revised budget ceilings.

USMC Names Women

Marine Corps Headquarters has chosen 15 active duty Reserve Women Marines for Regular commissions, including three captains, two first lieutenants, and 10 second lieutenants.

Considered for augmentation were all Lady Leathernecks who were appointed between 1951 and 1956 and who submitted applications. Those selected:

1st Lieutenant	
Gulbransen, Jerry G.	Pruitt, Margaret R.
2d Lieutenant	
Allen, Shirley L.	Farman, Elsa L.
Aulridge, Carolyn J.	Hernandez, Manuela
Bontjes, Lois A.	Hughes, Elenor F.
Connors, Anne-Marie	Knapp, Patricia A.
Durkin, Mary J.	Rivera-Cuevas, Sonia

MISSILE TEST TRACK

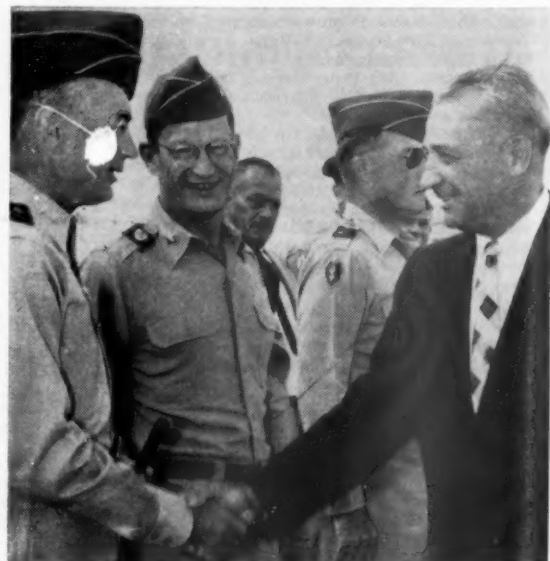

The first 10,000 foot stretch of a planned 35,000 foot captive missile test track has been completed at Holloman Air Development Center, N. M.

The entire 35,000 foot project, which will cost almost \$5,000,000, is expected to be completed in the late spring of 1958. The new track and Holloman's rocket sleds will be capable of subjecting missiles and missile components to practically free-flight environment.

Commands Mather Squadron

Lt. Col. Dolford F. Payne, USAF, has taken command of the 3536th Navigator Training Squadron at Mather AFB, Calif.

He had previously been in command of the Senior Navigator Technical Specialist program, a top level staff navigator training course which closed this month.

MAJ. GEN. WILLIAM N. GILMORE, USA, civilian suit, takes leave of Ft. Hood officers as he left for his new assignment as Chief, Joint United States Military Advisory Group, Greece. Left to right, foreground, are Maj. Gen. Andrew P. O'Meara, 4th Armored Division Commander, Brig. Gen. John A. Berry, III Corps Artillery Commander, and Brig. Gen. Roland H. del Mar, Assistant Division Commander. General Gilmore had commanded III Corps and Fort Hood for the last 14 months.
